High Streets Recovery and Renewal

Filton Avenue

Transforming the area around Horfield Library

 $\langle \ \rangle$

 \bigcirc

For new trees we have checked

surveys that show underground pipes and cables to make sure there is room to plant them. Later on we will also have to dig trial holes to make absolutely sure

New tree-

Raise low kerb to full height (red dash)-

Existing telephone box to be cleaned –

New bench

Remove old cycle stands to give – access to notice board and install new ones to south Proposed totem information sign Existing bus shelter and safe haven

3 new cycle stands -

-Replace damaged railing

 Proposed area for micromobility parking (scooters etc.)

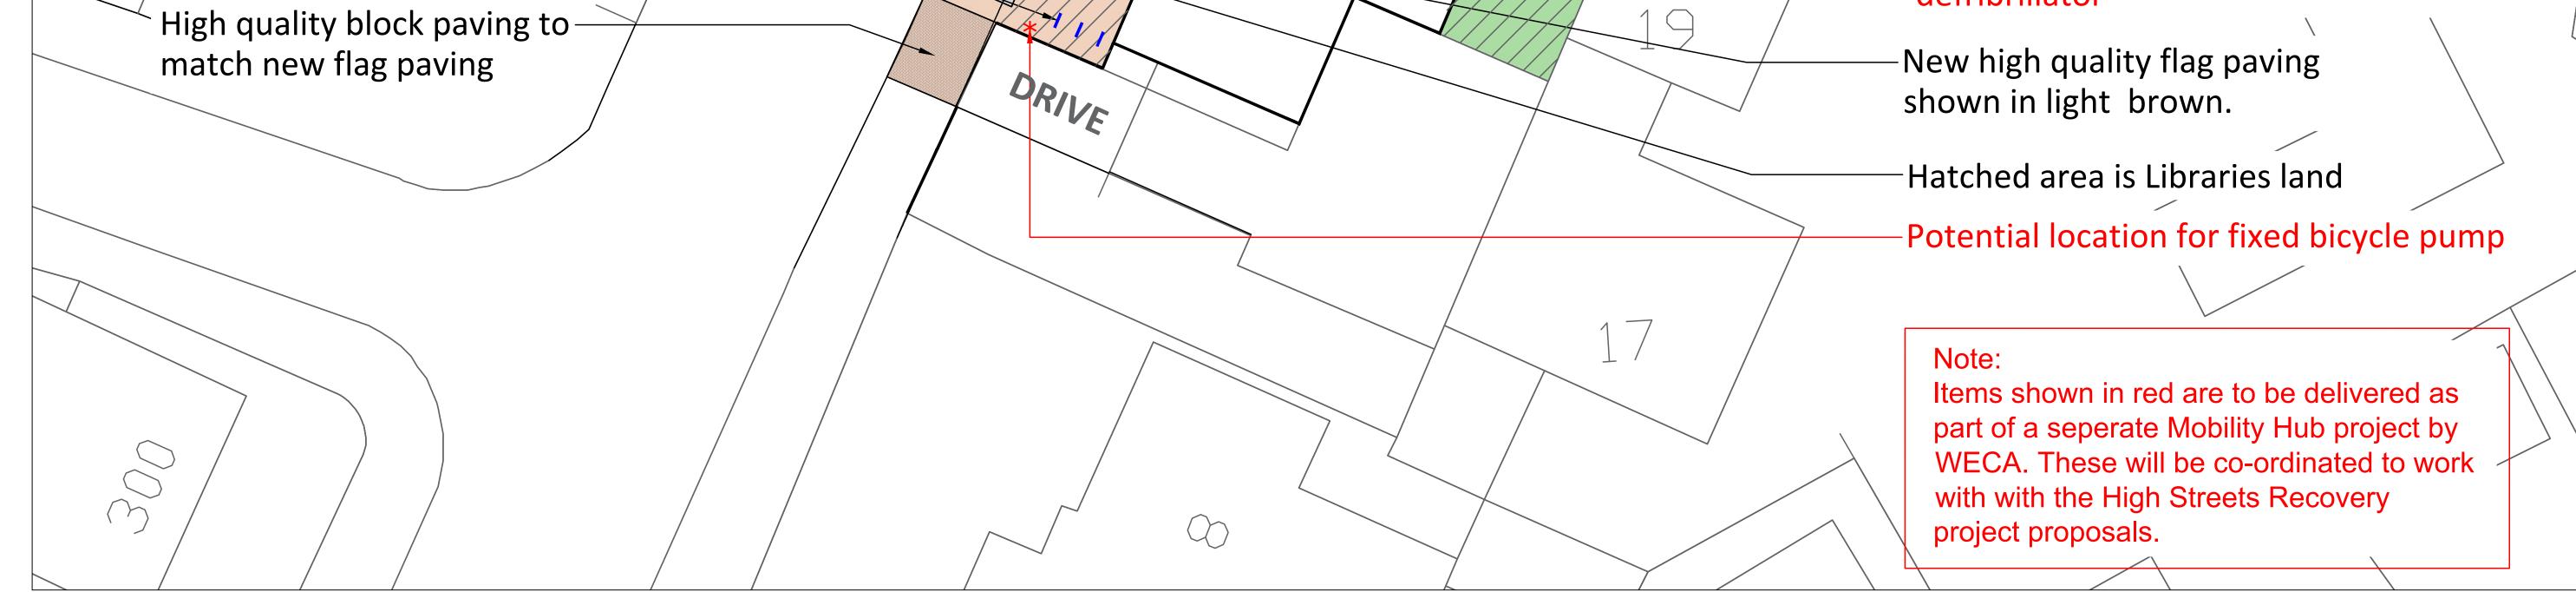

Proposed parcel locker

New public art commission mural on end wall

 Existing grass. Opportunity for future pocket park flowing in to hard landscape in front of the library

 New public art commission to create a decorative fence and and wide
double gates with laser cut panels to open up the paved area and green
space behind. The gates will be locked at night by librray staff

Potential location for drinking fountain
Potential location for a wall mounted defribrillator

All the pictures are examples from other places, just to give a bit of an idea of how things might look

New high quality paving, seating and a tree will transform the area in front of Horfield Library in to a small new public square with space for markets and other community uses. A new decorative fence & gates will also open up the green space behind during the day

A public art commission will create a new decorative fence and double gates using laser cut panels similar to the picture above
