

# Current Local Periodicals taken by Central Library

(Updated 26/01/2010)

## Introduction

### What you can find in this list

- This document lists in alphabetical order the currently published local journals/magazines held at the Central Library. It does not include titles which, although held, have ceased publication. These are included in the "Central Library Serials List".

### About each entry in this list

- Below each title is the start date, including any gaps or how long we keep the title for. Occasionally, individual issues may be missing from a bound volume.
- The information listed after the dates are locations within Central Library.
- Titles are cross-referenced. If a title has changed its name over time, you should find an entry under each name.

### Searching the list

- Use the A to Z bookmarks on the left to jump to that part of the alphabet.
- In Internet Explorer or PDF reader, use the find feature by holding down the Ctrl button and pressing the letter 'F'.
- Use the PDF search function by clicking on the binoculars icon.

### If you want to see any title in this list

- You can see any title from this list by visiting the Reference Department in the Central Library. We don't loan serials.
- You will be asked to complete a request slip in order for the staff to fetch what you need.
- On the request slip it will save you time if you give us the location details, Eg. RL2\*, or RL2\* O/S.

### Can I see a title straight away?

- Almost everything can be seen following a short wait whilst we fetch them for you.
