

## Summary of public comments on draft tree planting plan for Craydon Road Triangle & Strurminster Road

A draft tree planting plan was circulated to immediate neighbours, the Neighbourhood Partnerships and posted in numerous locations around the open space. Thank you to everyone for taking the time to comment. Consequently, below is a collation of the comments and enquiries received, along with Bristol city council's response to them and any minor revisions to the plan, as appropriate.

### 1) Areas of concern raised:

We have given these concerns consideration and provide our responses with any action below.

Issue:	Bristol city council response:	Tree plan revisions:
Site the two trees on Craydon Road roundabout further back from the main road	Our maps are given as a reference only. The two trees identified will be planted back from the main road to ensure visibility isn't obscured. This will be the case for all the trees planted along the outside edge of the site.	NA

### 1) Other comments and enquiries:

In addition to the main concern above, we received one additional comment. This does not affect the final tree plan, see below:

Issue:	Bristol city council response:
What is the life expectancy for the trees?	Rowan: 60 years, Cherry: 60 years, Tulip tree: 100 years
Are the trees deciduous?	Yes – all the proposed trees are deciduous
How high will the trees grow?	Rowan: 10-15m, Cherry: 5-10m, Tulip tree: +20m
Due to tree already in this area could we plant on the grassed area behind the Longreach Grove	We have suggested Winter Flowering Cherries and Rowan for this area to provide annual interest and to help increase biodiversity within the area. We will add your suggestions to potential future plans for this area.

bus stop?

## 2) What happens next?

We be planting 8 trees in the Craydon Road triangle and 7 trees along Sturminster Road during the 2016-2017 winter period. The tree planting locations will be available for tree sponsorship or/and future funding opportunities.

For more information on this winter's One Tree Per Child community planting events please see [www.bristol.gov.uk/onetreeperchild](http://www.bristol.gov.uk/onetreeperchild)
