

Transitional relief for 2018-19

Transitional relief for 2018-19 is calculated as follows:

$$BL \times \frac{X \times Q}{100} + \text{supplement}^{**}(\text{if applicable}) = \text{RATE DUE}^*$$

BL = Rateable Value as at 31st March 2018 x 2017/18 Small Business non-domestic rating multiplier

HIGHER RATE BILL

(if Rate Due* is below actual 2018 charge
then Rate Due = payable amount)

X = 107.5 if 2017 Rateable Value 20,000 or under
X = 117.5 if 2017 Rateable Value 20,001 to 100,000
X = 132.0 if 2017 Rateable Value over 100,000

LOWER RATE BILL

(if Rate Due* is above actual 2018 charge
then Rate Due = payable amount)

X = 70.0 if 2017 Rateable Value 20,000 or under
X = 85.0 if 2017 Rateable Value 20,001 to 100,000
X = 95.4 if 2017 Rateable Value over 100,000

Q = 1.030 (**supplement = 18/19 Rateable Value x 0.013p)

**Supplement is built in to the standard Non-Domestic Multiplier for those properties with a Rateable Value in excess of 50,999 for 2018/19 and has been set at 0.013p. This supplement is not subject to transition.
