

Logging onto E-learning courses as a 'Guest'

Learning Pool are the provider of an e-learning system that is used within Bristol City Council so staff, and guests, can log onto courses that are available to them and complete the learning at their own convenience.

Please note:

- Not all courses on the site are available to Guests.
- All courses that are available to Guests will have the same title as the internal version, used by Bristol City Council staff, but will normally end with the words EXTERNAL use.
- Bristol City Council is not able to report on the completion of any course (s) that is undertaken by Guests.

How do I access the e-learning that is available to me as a guest?
