1. Update on strategic and financial position

Lucia gave an update on the strategic and financial position of adult social care commissioning. Further information is available on the presentation slides.

2. Update on the framework

Catherine gave an update on the number of providers on the framework. Further information is available on the presentation slides.

3. Update on use of DPS for new packages

Catherine gave an update use of DPS for new packages. Some providers commented that they would like to see the data broken down further into different categories, such as location preference for the different services. Further information is available on the presentation slides.

4. Issues commissioners are aware of and working on

Catherine gave an update on the Issues commissioners are aware of and working

on. Providers were recently asked to complete a survey on their views of the DPS. The response will be shared to providers in due course. Further information is available on the presentation slides.

5. Update on reviews

Catherine gave an Update on reviews. Further information is available on the presentation slides

6. Update on core support

Lucia gave an update on core support. Further information is available on the presentation slides. Individual meetings with providers affected will be taking place soon.

7. Presentation about Proud to Care campaign

Lindsey Thomas from Skills to Care gave a presentation about the proud to care campaign. Further information is available on the presentation slides

8. Update on Bristol Community Links

Sonia Moore presented an update on the Bristol Community Links Recommissioning which is currently under consultation. Sonia encourage providers to participate in the consultation and share their views on the proposals. The consultation ends 5th September.

9. AOB
