## community conversation

**2017**

### **What you said you liked...**

- Free access to computers & the internet, especially for those who don't have access at home and job seekers
- Range of books for children & activities for children, families & schools

### **What you didn't like...**

- Idea of closing any library

### **Specific proposals and suggestions:**

- Community-run libraries
- Generate more income to fund the service / protect libraries e.g. cafe, parcel pick up / drop off
- Partnership with the universities - to deliver services, share space in buildings and/or fund public libraries
- Share space in buildings with other services e.g. community centre
