

Dundry View Neighbourhood Partnership Plan

3 Year plan covering
2015/16 -
2017/18

**Our vision is to make Dundry View Neighbourhood
Partnership clean,
green, safe, healthy and prosperous.**

Please refer to the most current year review update

Background

Dundry View Neighbourhood Partnership is made from the three wards of Bishopsworth, Hartcliffe and Whitchurch Park and is situated in the south of the city of Bristol. The 2011 census showed that there was a resident population of 33,874. 4% of the population is Black and minority ethnic the lowest of all 14 Neighbourhood Partnerships. Large proportions of the Neighbourhood Partnership are classed as Lower Super Output Areas which measures levels of deprivation.

Purpose

This plan will give a full picture of the work the Neighbourhood Partnership can deliver, influence and support over the next 3 years 2015-18 as well as work it aspires to deliver if resources become available. The Plan will:-

- Prioritise work and projects using resources at its disposal
- Show aspirational work and projects to be prioritised and allocated against once resources secured
- Be reviewed annually

Where possible show how local priorities and projects can help with the Mayor's corporate plan for Bristol.

Neighbourhood Partnership –

The Neighbourhood Partnership has four formal board and committee meetings annually where decisions are made by the Committee of local ward Councillors on any devolved budget and the full board on wider issues not related to the spending and allocation of any devolved funds.

There are four Neighbourhood Forums in each ward annually, these are open meetings where information is shared, concerns gathered and updates on previous forum issues updated. Residents from the area are encouraged to attend through publicity in the local community magazine Wham, by email and through letter drops.

The Neighbourhood Partnership has theme groups these currently are Pride of Place looking at the local environment, cleansing and planning eleven per year. Highways and traffic six per year and Health and Wellbeing 10 per year these are open meetings and focus on the theme, these also make recommendations for the Neighbourhood Partnership to consider. Grants Panel, the Neighbourhood Partnership gives small grants out through a vigorous evaluation system. Neighbourhood Partnership board members meet up to four times per year depending on funds available.

Evidence

- Use both qualitative and quantitative data and evidence to show where the need arises and why the priority is included.

Neighbourhood Partnership Resources

People

- Neighbourhood Partnership Coordinator (18.5 hours per week)
- Neighbourhood Officer (18.5 hours per week)
- Community Partnership Manager (37 hours per week)
- Partnership Communications Officer (15 hours per week)
- Community Development (3 hours per week)
- Local ward Councillors, Neighbourhood Partnership members

Money

- Devolved budget annually allocated includes Highways, Wellbeing and Clean and Green budgets 2014/15 budget was approximately £56,500
- Section 106, this is money that developers of larger sites pay to the council to reduce the impact of the development. Developers sign a S106 agreement as part of their planning permission. This is a legal document that specifies what the money is spent on and where. For example, S106 money is used to make improvements to highways, parks, public transport and schools.
- CIL or Community Infrastructure Levy allows local planning authorities to raise funds from developers who are undertaking new building projects in their area. The funds raised will go towards infrastructure that is needed to support the growth of the city, such as schools and transport improvements.
- Other funds which are allocated to the Neighbourhood Partnership for consideration such as Bristol Green Capital, Community Sports Action Fund and Public Health funding

Help

The Neighbourhood Partnership works together with others to provide a better more rounded approach to neighbourhood working. These partners may bring in expertise, funding, staff or all three. These partners include but this list is not exclusive

- The wider Bristol City Council family such as Estate Management, Highways, Parks and Public Health
- Other Public bodies such as the Police and the Fire Service
- Voluntary and community organisations
- Registered Social landlords
- Charities
- The Business Community
- **RESIDENTS** of Dundry View

Summary of themes and priorities

1. A Vibrant Environment across Dundry View											
<p>The NP objective is to have well used and managed parks, clean and safe streets and public spaces and be a more sustainable community. Make the area a pleasant and healthy place to live with community facilities for people of all ages.</p>											
Well used and managed Parks and open spaces						Clean and safe streets and public spaces				Sustainability	
New and improved play spaces	Ensuring accessibility	Improving sports provision	Improved access to wildlife	Influence Parks maintenance contract	Positive spaces with opportunities for residents to use	Reduce Fly tip	Reduce Littering	Reduce Dog Fouling	Working towards a high Standard of cleansing and maintenance	Increase levels of recycling and reduce waste	Reduce energy use and carbon emissions across Dundry View
2. Keeping Dundry View Moving											
<p>The NP will address local traffic, transport issues and improve walkability in the area. Make the area a place where roads and pavements are well maintained so all can walk and drive safely.</p>											
Roads and pavements are kept to a good standard				Problem Parking			Safer Roads and pavement				
Surface Dressing of roads and pavements	Minor lines and signs	Allocated s106 funding for improved accessibility		Parking problems :- Outside schools	Parking problems :- Other locations	Reduce speeding traffic	Safe places to cross	Safe Cycling	Positive walking		
3. A Safe and Empowered Community											
<p>Residents, Police and other public services are successfully dealing with crime anti-social behaviour within Dundry View Make Dundry View a place where we have low crime and anti-social behaviour, victims are supported and residents are empowered to take action.</p>											
Anti-social behaviour			Crime and Fear of Crime					Local Capacity and resilience			
Reduce Illegal motorbike nuisance	Effectively deal with Anti-social neighbourhood disputes		Tackle domestic and sexual abuse	Reduce the supply and cultivation of drugs	Tackle Hate crime		Support local groups	Create a more cohesive place to live, work and visit.			
4. Keep Dundry View Working and Learning											
Improve opportunities for people locally and encourage business to play a role in the local community											
A strong business and training partnership			Businesses are safe places to work and offer a good customer experience					Residents are linked into opportunities around training and employment			
Bring together businesses and training providers	Develop a working and learning subgroup		Crime reduction initiatives	Improve the environment around business locations to encourage more footfall	Increase use of local businesses	Local employment and training opportunities	Young people				
5. Building a Successful Dundry View											
<p>Support for community groups seeking to improve facilities in the NP area, by promoting / take advantage of community asset transfer opportunities, right to bid etc. Future Development of Open Spaces and public areas</p>											
Local Neighbourhood Partnership and residents help shape the use of council assets and buildings in Dundry View						Dundry View has a good range of accessible venues to allow for wider community use					

Successful community asset transfer of Bishopsworth Pool site for change of use in to an indoor skate park	Development of resident led groups to lead on any community space created	Ensure community awareness of local assets and buildings so that they can help develop and shape their future use	Compile up to date list of fully accessible venues/buildings/parks and open spaces	Assist venues to make their buildings and facilities accessible for a wider community through help and knowledge as well as grants and funding opportunities
--	---	---	--	--

6. Healthy and Caring Dundry View

The NP will promote and support activities, groups and initiatives that improve the physical and mental health and wellbeing of residents

Work in partnership with agencies who target and support the following priorities				Healthy eating and food production		Increase levels of physical activity in the community		Increase emotional resilience of the community	
Relationships and sexual health	Harm caused by alcohol and drug misuse	Smoking related deaths and illness	Injury prevention	Support local groups promoting healthy eating and growing	Access to affordable and healthy food	Use of sport related funding to target groups/individuals	Promote and develop coaching and volunteering	Reduce stigma and improve access around mental health	Promote social inclusion

7. Active Citizenship, Addressing Inequality and Empowering the People of Dundry View

Develop and nurture a community which brings people together, increases local volunteering and has inclusive participation at all levels

Active community			Address Inequality		Empowered Residents		
A good range of community events which bring residents from all sections of the community together	Encourage, develop and support Community volunteering opportunities	Awareness of local activities and opportunities	Use the Neighbourhood Plan to address inequalities to include health, access to employment, training, education and opportunities to be involved in decision making locally and city wide.		Greater Local participation in decision making	Well trained, knowledgeable and informed residents and stakeholders	Good community knowledge and ownership of the Neighbourhood Partnership, its projects and priorities

8. Housing, Planning and major projects

The NP will influence new developments, informing residents and local businesses about large scale projects which will impact on Dundry View

Take part in consultations that affect the communities within Dundry View		Be aware of city / South West schemes that may have an impact on Dundry View			Investment from BCC Housing Delivery on housing stock within Dundry View	
Ensure residents aware of schemes and can participate in consultations	South Bristol Link, engage and work with contractors to mitigate any impacts when construction takes place.	Metrobus	Airport expansion	Enterprise Zone including Templemeads re-development and the Arena	NP informed where capital investment being used across DV	Assist in and bids for capital investment where required
