Subject: RE: Old Market Quarter Neighbourhood Development Plan
Date: 26 February 2015 13:05:36

Dear Sir/Madam

Thank you for giving the Highways Agency the opportunity to comment on the proposed Old Market Quarter Neighbourhood Development Plan. As you will be aware the area covered by the plan is close to the M32 and as the highway authority for the motorway we have considered whether the proposals for road and traffic changes could have an impact on it.

We can see no evidence or evaluation of testing to show what impact the changes to the road layout and the way traffic moves through and around Old Market Quarter will have on all road users. We would like to be reassured that the traffic wishing to access or leave Newfoundland Way and the M32 will not experience difficulties doing so as a result of the changes proposed. We would expect the local highways department to be working closely with the neighbourhood team to ensure that all matters of road safety are properly considered and that as the designs for the changes come forward for them to be consulted upon.

We look forward to seeing and commenting on the future proposals as they come forward.

Regards

Jacqui Ashman, Asset Manager
Highways Agency
