

In light of the difficulties obtaining medical checks at this current time we are asking applicants to complete additional declarations for Medicals in order for the Licensing Authority to consider applications. If a driver licence is issued during this period, you will be required to submit a new medical report on renewal. Failure to do this may result in your licence not being renewed until a satisfactory report has been received

Name:

Address:

DOB:

Licence number:

Details of current medical practice:

Declaration

Section 57(3) of the Local Government (Miscellaneous Provisions) Act 1976 states: If any person knowingly or recklessly makes a false statement or omits any material particularly in giving information he or she shall be guilty of an offence.

I declare that there are no changes in my medical situation from the previous medical report submitted that I am aware of. The information provided is correct and that there are no new conditions, medications or treatments that have occurred.

I understand that if the new medical reveals any new medical conditions or changes that are not already listed on the previous medical I submitted to this office, where this new information will raise doubt over my 'fitness' to hold a licence, that my driver licence could be suspended or revoked immediately and my application may be determined by the Licensing Sub-Committee.
