

Directorate Scheme of Delegations: Growth and Regeneration Directorate

Introduction

In the Constitution, the Mayor and Full Council delegate certain powers and functions to the Executive Directors.

This is the Growth and Regeneration Directorate Scheme of Delegation to officers. It:

- i) Summarises the powers and functions delegated to the Executive Director of Growth and Regeneration, in Part 1
- ii) Describes how the Executive Director has delegated these powers and functions to officers in their Directorate to exercise on their behalf, in Part 2.

This scheme is subject to the [Council's Constitution](#), including the Council and Mayoral Schemes of Delegation and the Procurement Rules, the Financial Regulations and Standing Orders.

The Executive Director will delegate to the post that's most appropriate for the exercise of the function. Any direct line manager between the Executive Director and the post delegated the function is also entitled to perform that function, unless otherwise stated in the scheme.

In the event of a civil emergency or a business continuity disruption, all authorities relevant to the management of the incident are delegated to named duty officers, officers attending multi-agency coordination group meetings or officers chairing an Incident Management Team, as appropriate.

Although Executive Directors can delegate functions they remain responsible for and accountable to the council for the exercise of their delegated powers. On occasions they may still decide to take decisions themselves. Officers may decide to refer delegated powers back to the Executive Director, the Mayor or Full Council. The Mayor and Full Council can also decide to reserve a particular decision to themselves.

This Scheme of Delegation will remain in force until it is amended or revoked by the Executive Director for Growth and Regeneration or via changes to the Council and Mayoral Schemes of Delegation.

Guidance for managers and staff on how to use Schemes of Delegation is available on the intranet.
