# Pesticide Spraying Opt-Out Ballot

**Street name:** _____

**Date:** _____

Dear Resident,

The local council currently manages weed control on our street's highways and walkways using pesticide spraying. We are exploring the possibility of opting out of pesticide spraying in favour of a community-led manual weeding program, carried out by volunteers from our street.

**Opt-out of Pesticide Spraying**

I **do not** want the council to use pesticide spraying on the highways and walkways in our street.
I support a community-led manual weeding program instead, where residents volunteer to manage weeds by hand.
