

Ward	Project Code	Title	Project Description	Delivery Body	CIL requested £	Proceed to stage 2?
Bishopsworth	AC826P001	Safety improvements to pavement at Ilchester Green	A path on Ilchester Green goes downhill towards steep steps, into Bedminster Down Road. This is not safe. A barrier at the top of the steps would stop children/bikes going straight down the hill, into the road. This would help parents feel it is safer for their children to play.	BCC Parks	£3,000.00	Yes
Bishopsworth	AC826P005	Improvements to Kings Head Lane Park	Fix gate to park/put bollards in. Pain play park. Repair roof of brick storage hut (to be used for 'Friends of' group and football club. Paint murals on side walls of hut to celebrate both community groups.	BCC Parks		Yes
Bishopsworth	AC826P009	Uplands counter-commuter parking grassland protection scheme	Commuters and Bristol Airport Passengers park on grass-verges, damaging the environment and inconveniencing local residents for long periods of time.	BCC Transport		Yes
Bishopsworth	AC826P010	Spartley Walk additional parking scheme	Small, quiet 1950's-built Council cul-de-sac has demand for householders' vehicles greatly in excess of present provision and existing green is used for grass parking, causing environmental damage. BCC used to use Narrow Estates Road Budget to fund similar schemes. Use unused green at back of cul-de-sac to provide extra car-parking for residents	BCC Transport		No

Hartcliffe & Witherwood	AC826P008	Improving access and facilities at Witherwood Park	Improvements to Witherwood Park including: Accessible gateways, Dropped kerbs, Accessible signage, Single benches with hard-standing, Wheelchair-accessible picnic benches. New sensory trail with planting. Accessible play equipment. Inclusive outdoor equipment for Muga skateboard area	BCC Parks	£55,265.67	Yes
Hartcliffe & Witherwood	AC826P011	Safe crossing for pedestrians and cyclists on Whitchurch Lane, outside Willmott Park	Often speeding and dangerous driving affects safety of people using this main walking and/or cycling path from the ward to and from Imperial shopping park and the new youth zone 224 in Filwood. Limited visibility due to road layout and road is often busy as used as alternative to Hengrove Way.	BCC Transport		No
Hartcliffe & Witherwood	AC826P012	Maynard Rd through traffic reduction	Maynard Rd is used as rat run due to Fulford Rd. being not fit for purpose although it is a principal residential road. Huge amounts of vehicles using Maynard Rd instead of Fulford Rd to get to Hawkfield Rd. Many examples of racing, over 60mph recorded – on a 20mph road.	BCC Transport		Yes

Hengrove & Whitchurch Park	AC826P002	St Bernadette's Schools: Pedestrian Safety & Traffic Calming (New Fosseway Road)	We are addressing a critical safety risk on New Fosseway Road (between the school and Gladstone Road). This is a primary route for both St Bernadette Primary and Secondary students, yet it currently lacks any formal, safe crossing point. Frequent near misses, high traffic volumes, and speeding are exacerbated by hazardous 'school run' parking. The new 'The Fosseway' development will further increase vehicle movements, creating a severe conflict between cars and children. Without intervention, this road remains a major barrier to safe, active travel for hundreds of students and local residents. Installation of a raised zebra crossing at a strategic point near the school to provide a safe, designated crossing point and naturally reduce vehicle speeds. This will be supported by physical traffic calming measures and clear signage to improve driver awareness and deter hazardous parking on restricted yellow lines. The goal is to create a 'School Street' environment that prioritises child safety and encourages active	BCC Transport		
Hengrove & Whitchurch Park	AC826P004	Development of essential structures for collective food growing space	Develop critical infrastructure for a community/collective food growing space, including a kitchen for volunteer lunches, volunteer shelter, disabled access compost loo, packing shed, and tool shed. Structures will be single storey, timber frame and made by collaborators WeCanMake, on minimal foundations, built from sustainable materials designed for accessibility	Community Organisation		£55,000.00 Yes
						£34,500.00 Yes

Hengrove & Whitchurch Park	AC826P006	Jessop Hub	Create a community hub- a small space made from 3 shipping containers. The infrastructure costs is to set this up so both communities can engage in a network space, interacting on monthly cinema, BBQs, private and public arts, yoga, spoken word etc.	Community Organisation	£75,000.00	No
Hengrove & Whitchurch Park	AC826P007	Improving access and facilities at local park- Millenium Green	Increasing access and improving facilities at Hartcliffe Millenium Green: Installing Wheelchair friendly picnic benches , Creating an accessible playground with improved surfacing and pathways and adding inclusive play equipment, • Creating a sensory trail and new planting areas	BCC Parks	£41,750.00	No
Multiple wards	AC826P003	Making Bristol heart-safe by preventing avoidable cardiac arrests- 2 defibs	2 public access defibrillators to be installed including a secure case, installation, registration with the national database to ensure visibility to 999 service and local training.	Community Organisation	£4,000.00	Yes
