CONTINUATION SHEET – Hilary Corfield

In relation to the. Parrys Lane to Cheyne Road path

The bus route to 'town' went from the top of Druid Hill, (and still does). From 1965 to 1978 I used this route a lot. From when I was a little child, whilst we would catch the bus by walking up Redhouse Lane, along Coombe Lane, onto Parrys Lane and then to the bus stop, coming back we always went through Stoke Lodge. I would feel very travel sick on the bus usually because of cigarette smoke and general stuffiness. I'd stagger off the bus, cross Parrys Lane and be on the field. Mum used to encourage me to take deep breaths of fresh air and by the time we got to West Dene I would be feeling alright again. I continued this route when I was old enough to go to town on my own, because it was wonderful to be off the bus and in the middle of a wide-open space. I also walked this route from my house in Sneyd Park to Mum's house with my dogs, as I increasingly cared for her over ten years.

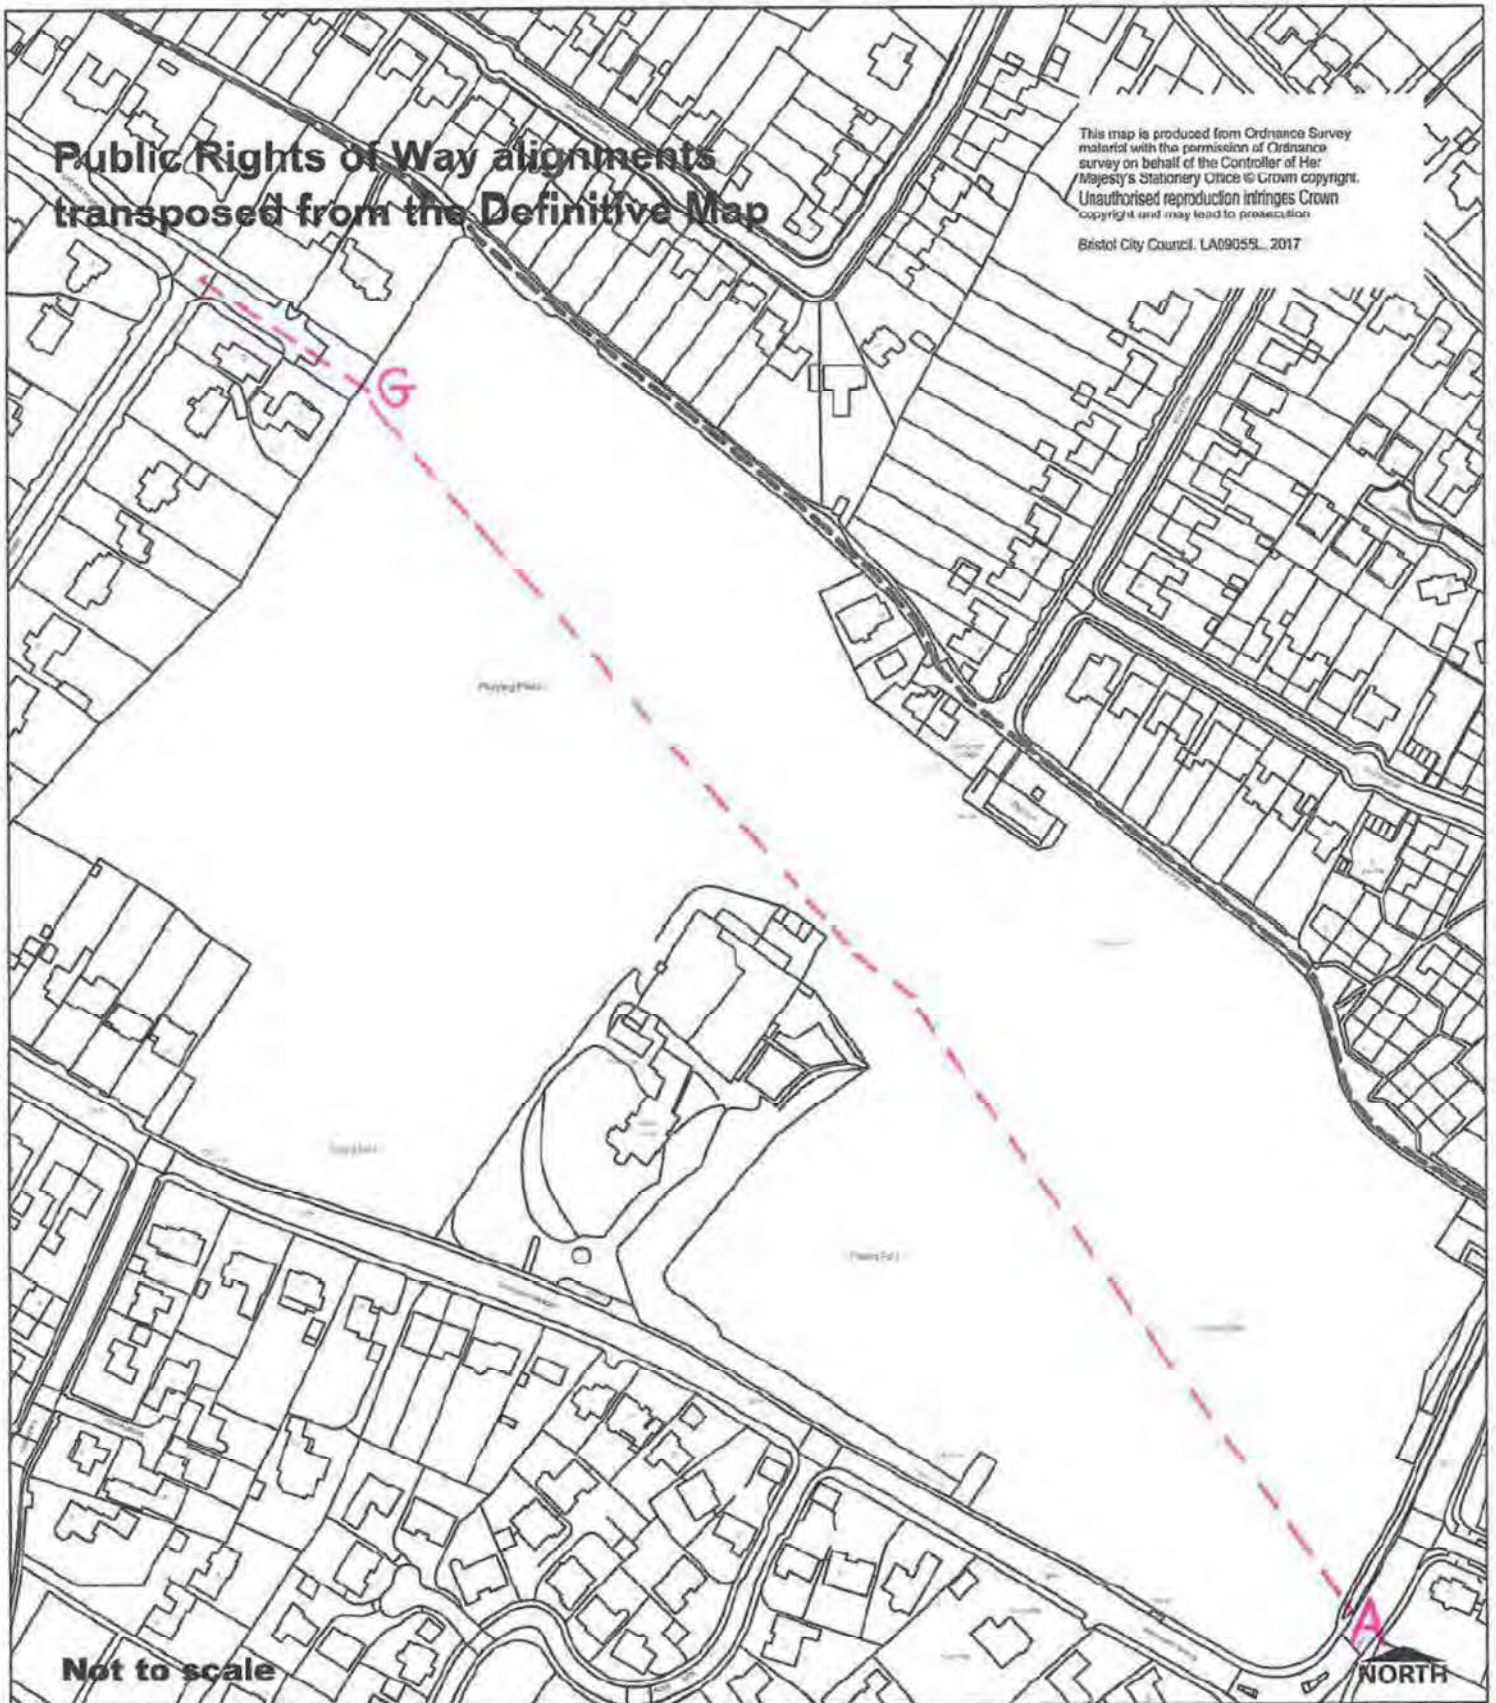

My husband and I have been walking our dogs on Stoke Lodge for the last forty years. If we drive there in the evening shortly before it gets dark, we often park on Stoke Paddock Road near the Cheyne Road entrance. We then walk in a straight-line following G to A exactly, as it's nice to be out in the open rather than the edge. We follow it until we get level with the huge Turkey Oak at the top of the field, walk round the tree and then back down the field, often with an amazing sunset. We must have carried out this walk hundreds of times.

During the period from 1963 to 1983 I used the Cheyne Road to Parry's Lane path across Stoke Lodge regularly as part of my everyday life. My use changed over the years as my circumstances changed, but using Stoke Lodge was always something that came naturally rather than something I ever had to think about.

In 1963 my wife and I became engaged and later married. At that time we lived in Redland, but we had two close couples as friends who both lived in Stoke Bishop, on roads on opposite sides of Stoke Lodge. We would often drive over to visit them, sometimes parking at one house and walking across Stoke Lodge to meet the other couple before perhaps going to the shops on Shirehampton Road or elsewhere locally. On other occasions we would do the journey the other way round, perhaps visiting the shops at the bottom of Druid Hill before returning to one of their houses for coffee. There were many different combinations depending on what we decided to do that day. We would usually arrange to meet, but exactly where we went was often decided on the spur of the moment.

Everything changed in 1966 when all three couples had our first children. I clearly remember pushing prams across Stoke Lodge on occasions, although naturally the women were much busier looking after young babies and, for a time, the three of us husbands would often meet up for a walk instead. It was a chance to get out of the house for a while and catch up with one another. Sometimes we would pick up shopping for our wives, sometimes call at a local cafe or pub or simply enjoy a walk together. Again, there was no fixed pattern; Stoke Lodge was simply part of our normal way of getting around the area.

In 1968 we moved to Bell Barn Road, which brought us even closer to Stoke Lodge. From then on my use of the path became even more frequent. It was perfectly normal for me to walk down Bell Barn Road, up Cheyne Road, enter Stoke Lodge and walk across to Parry's Lane. From there I might turn towards Stoke Lane to visit the bakery, local shops or the garage, where I sometimes left my car for servicing or its MOT before walking home and returning later to collect it. On other occasions I would turn down Druid Hill to visit the hardware shop. The house we bought in Bell Barn Road needed a great deal of renovation and I spent several years carrying out improvements myself, so I made many trips to buy tools, fittings and other materials. I also regularly used the Post Office, as most correspondence in those days was still done by letter.

During those first years after moving to Bell Barn Road I used the path across Stoke Lodge very frequently. Later, as my engineering business became busier and more successful, I found myself working much longer hours and my opportunities for walking reduced considerably, perhaps to around once a month. By the early 1980s life had become a little less hectic and my wife and I would often walk together again now that our children were old enough to be left at home. Stoke Lodge remained our preferred route because it was simply a much more pleasant walk than following the surrounding roads.

I particularly remember that the entrance and exit to the path across Stoke Lodge was always obvious because so many people used it. The grass was worn away at these points, especially during wet winter weather. Although the wear across the middle of the route was sometimes less pronounced, the line of the path was still visible because of the regular foot traffic.

In those days many more people walked than they do now. Few families owned more than one car and many everyday journeys were made on foot. Although it was perfectly possible to use the pavements beside the roads, Stoke Lodge was always the route I preferred. It was a beautiful open space to walk through and it was common to meet neighbours or friends on the way. Looking back now, I realise I never thought of this as anything unusual. The footpath was simply there to be used, and I used it in exactly the same way as everyone else I knew who lived nearby. I never saw any signs warning me that it was private land or that I couldn't use it and it never crossed my mind that I needed anyone's permission.

Re: Rights of Way over Stoke Lodge Playing Field

Further Statement to supplement my **Public Rights of Way Evidence Form – Form 7**, for consideration of the of Bristol City Council and Public Rights of Way and Greens Committee

By

Jonathan M M Johnson

West Dene

Bristol BS9 2BQ

I am making this further statement to amplify Form 7 the opening paragraphs of my previous Statement of 25/11/2024 to the Public Rights of Way and Greens Committee

From 1965 to 1975 I was living at my parents' home in Alexandra Road, Clifton, Bristol and educated at Clifton College as a day boy. While at school, between 1965-69, I had about half a dozen friends and classmates who lived in the Stoke Lodge area, in Stoke Paddock Road, Bell Barn Road, Coombe Lane, Cote Park and a girlfriend (now my wife) who lived in Druid Stoke Avenue. I used all the pathways between Druid Hill and Cheyne Road (A to G), and West Dene and Shirehampton Road (H to G) the subject of this application to cross Stoke Lodge, perhaps 2 or 3 times a month at weekends and during school holidays, to get to and between their homes, having used the bus to travel from Clifton to one of the stops on Druid Hill / Shirehampton Road. The pathways were visible on the grass as the footfall of other users, and other members of the public could often be seen following them.

My friends and I also used the Lodge for recreation and to watch any cricket or football games that were in progress at the time and used the pathways to reach the shops in Shirehampton Road to buy sweets or cigarettes. I used the same pathways to get back to the bus stops in Shirehampton Road to return home.

From 1969, when I went away to university, to 1975, when I left Bristol to pursue my career in London, I used the pathways less often, as I had acquired a car and most of the friends who had lived in the vicinity were moving away. During that period my use was mostly from Druid Stoke Avenue to the pathway between Parrys Lane and Cheyne Road (A to G), to reach Coombe Dingle and the Blaise Estate, and then return.

DJW1

In my capacity as a member of Stoke Bishop cricket club I have used [footpath C](#) many times. Between 1935 and 1972 the club's pavilion, located in the NW corner of the field adjacent to the Cheyne Road entrance was a basic structure that lacked running water and only had a chemical toilet. Players and spectators would from the mid 1960's walk along [footpath C](#) to reach the newly built pavilion at the end of West Dene to use the showers and a flushing WC. I used [footpath C](#) end to end to collect the cricket pavilion key and liaise with the groundsmen. The old pavilion was demolished in the mid 1970's. I would sometimes use [footpath A](#) to watch the archery practice which took place adjacent to the main house and Shirehampton Road. [Footpaths A, B, C, and D](#) would have all been walked by me at some point during this 15 year period.

DJW2

In the 1960's and early 1970's I was a member of Coombe Dingle Boys Club who met once a week in the Methodist chapel in Dingle Road. The club ran a football team, managed by Dave Powell, that played home games at Stoke Lodge. I helped run the team, recruiting players and liaising with the groundsmen (Bert and Jack at that time). The groundsmen's shed/office was at the west end of the West Dene pavilion. In the winter months I would regularly walk [footpath C](#) to check fixtures had been booked or if matches had been postponed due to inclement weather. Dave Powell who lived in [REDACTED] occasionally walked the same route, [footpath C](#).

On match days several of the team would arrive by foot from Sea Mills using [footpath D](#). This included Jack Frost (who was profoundly deaf) from [REDACTED] and Neil Ridgeway the goalkeeper. There would have been others as well from Sea Mills. Most team members arrived from West Dene via [footpath D](#).

DJW3

When I was eligible to vote in 1971 (local, national, EU) I would use footpaths A and D to reach Cedar Park school via Coombe Bridge Avenue and Cheyne Road to cast my vote. I made a speciality of arriving 5 minutes before 10:00pm using the traffic free scenic route, which afforded the opportunity of seeing a fox, badger or tawny owl. When voting moved to Stoke Lodge House I continued to use the same route.

DJW4

When the cricket club left Stoke Lodge in 1972 it moved to the NSC ground on the other side of Shirehampton Road, now occupied by the Queens Gate development. The NSC ran a skittles league in the clubhouse during winter months and the cricket club entered two teams. One of the teams (The Young Cricketers) was captained by me and I would use footpaths A and D to reach the clubhouse once a week as it was the quickest and quietest route from my house in Dingle Road. Skittles finished in 1995 when the Avonmouth works closed and the sports ground was sold for housing.

DJW5

I have always been a keen walker during and since leaving university in 1975. I must have walked every footpath within a 2 mile radius of my home in Dingle Road. This has included the Blaise Castle Estate, Kingsweston Estate, Sea Mills, Stoke Bishop, Westbury and Durdham Downs. Stoke Lodge is particularly important because of family connections and all the field's footpaths A, B, C and D have been traversed numerous times purely for leisure and exercise.

DJW6

I have since childhood in the winter months gone on a regular local walk on a Saturday afternoon. I would always finish the walk at my Grandmother's house for tea and a cake. In 1978 my Grandmother, Louie Goffe, moved from a prefab in [REDACTED] to a newly built Council bungalow in [REDACTED]. From 1978 the walks ended at [REDACTED] over time using all the footpaths across the Lodge, footpaths A, B, C and D. Louie moved to a care home in 1994 but I continue to retrace these walks on a regular basis to this day.

DJW7

In the mid 1980's my brother and I bought and sold cars under the trading name Auto Transfer. We rented showroom space from Pete Workman who leased Stoke Bishop Garage. The garage, which no longer exists, was in the village on the corner of Stoke Hill and Old Sneed Road. After buying cars at auction and dropping them off at the showroom I would walk home to Dingle Road across Stoke Lodge using footpaths B or A and D. This journey was also done in reverse multiple times a year.

Donald Watkins – Stoke Lodge Footpath Use 1930 to 2010 (David's Father)

<u>Name</u>	<u>Footpath(s)</u>	<u>Dates used</u>	<u>Times/yr</u>	<u>Purpose</u>	<u>Notes</u>
Don Watkins	D	1932 – 1936	10	Childhood walk	see below DAW1
Don Watkins	A, B, C, D	1936 – 1944	40	Socialise with friend	see below DAW2

Don Watkins	B, D	1947 – 1952	15	Play football	see below DAW4
Don Watkins	A, D	1958 – 2010	20	Vote in Election	see below DAW5

DAW1

There is a photograph of Don playing in Stoke Lodge in 1932. To reach the location from [REDACTED] [REDACTED] would have involved using [footpath D](#). This would have happened on multiple occasions while his Father was participating in a cricket match.

DAW2

Don's best friend Nobby Clark lived in [REDACTED] at the end of [REDACTED] before and during WW2. As teenagers they had free reign of the fields. They walked to the then new shops in Stoke Bishop village and Sea Mills Lane regularly to buy sweets and comics. This would have involved [traversing footpaths A, B, C and D](#).

DAW3

The 28 and 28b bus until the 1970's alternated every half an hour at the bottom of Parry's Lane between using Shirehampton Road (28) and Coombe Lane/Westbury Lane (28b) to rejoin at Park Gates. Both Don, who attended Cotham Grammer School and Howard his Father, who worked in an office in Baldwin Street would often catch the 28 and walk across Stoke Lodge using [footpath D](#) to save waiting an extra half an hour in town for the 28b which stopped at Rayleigh Road.

DAW4

After being demobbed from the army in 1947 Donald played football for Coombe Dingle Boys Club on Stoke Lodge continuing until he married in 1952. He lived in [REDACTED] and walked via West Dene to the changing rooms in the nissan huts at the top of Stoke Lodge via [footpaths B and D](#).

DAW5

Don sometimes walked with me to vote at Cedar Park and Stoke Lodge via [footpaths A and D](#).

Kathleen Watkins – Stoke Lodge Footpath Use 1965 to 2000 (David's Mother)

<u>Name</u>	<u>Footpath(s)</u>	<u>Dates used</u>	<u>Times/yr</u>	<u>Purpose</u>	<u>Notes</u>
Kath Watkins	A, D	1965 – 1980	20	Adult Education	see below KMW1
Kath Watkins	B or A, D	1975 – 2000	3	Car Repairs/MOT	see below KMW2

KMW1

Kathleen attended a number of Adult Education courses at Stoke Lodge during the 1960's and 1970's including Italian and flower arranging using [footpaths A and D](#).

KMW2

After learning to drive Kathleen had a number of car repairs and MOT's completed at Stoke Bishop garage and walked back from and to the garage using either [footpaths B or A and D](#).

CONTINUATION SHEET – Hilary Corfield

In relation to the West Dene / Shirehampton Road path.

When I moved to [REDACTED] on the corner of Red House Lane, very near to West Dene as a small child in January 1965, there were two ranks of local shops, one on Stoke Lane, the other on Shirehampton Road. The latter offered different shops to Stoke Lane, such as a chemist, bakery, ironmongers / pet shop, clothing shop, haberdashers and supermarket. We used both ranks of shops. As was usual in the 60's and 70's, Dad took our only car to work, so Mum and I often walked across Stoke Lodge from the West Dene entrance to Shirehampton Road to reach the shops there, as did so many of our friends and neighbours.

We walked the same route to Dr Eastman who looked after us and all who lived around us, from his surgery on Shirehampton Road, almost opposite the entrance to Stoke Lodge. I was one of his patients from 1965 until at least 1985 when he retired

Sea Mills rail station was along the next road from the shops, so if we needed to use or meet the train, we would cross Stoke Lodge to get to it.

From 1965 until 1982, Mum and her friends attended classes at the Stoke Lodge Adult Education Centre. If Mum's terms were longer than mine at school, I would join them in the school holidays using the same path.

As a teenager from 1974 to 1978 I had a weekend job and paper round at The Kiosk newsagents on Shirehampton Road; I used the same well-trodden path to cycle to work across Stoke Lodge and often back, as the ground had been nicely flattened over the years.

Apart from when I was at university, I have always lived near Mum and I continued going to the shops with her and to the station to meet my sister when she visited. We walked for exercise and carried on using this path across Stoke Lodge with and without my children until Cotham put up the fence when Mum was 90. At no time in all those years were we ever told not to walk across Stoke Lodge, quite the opposite; the groundsmen were always very chatty and friendly and once, one even wheeled our shopping right to our backdoor in his wheelbarrow! Very often when we were walking to the doctor's or the shops, a neighbour or friend was doing the same and we'd walk across together.

My husband and I often park in the car park and walk along to start a dog walk, or to take our grandchildren to the play park.

Re: Rights of Way over Stoke Lodge Playing Field

Further Statement to supplement my **Public Rights of Way Evidence Form – Form 7**, for consideration of the of Bristol City Council and Public Rights of Way and Greens Committee

By

Jonathan M M Johnson

West Dene

Bristol BS9 2BQ

I am making this further statement to amplify Form 7 the opening paragraphs of my previous Statement of 25/11/2024 to the Public Rights of Way and Greens Committee

From 1965 to 1975 I was living at my parents' home in Alexandra Road, Clifton, Bristol and educated at Clifton College as a day boy. While at school, between 1965-69, I had about half a dozen friends and classmates who lived in the Stoke Lodge area, in Stoke Paddock Road, Bell Barn Road, Coombe Lane, Cote Park and a girlfriend (now my wife) who lived in Druid Stoke Avenue. I used all the pathways between Druid Hill and Cheyne Road (A to G), and West Dene and Shirehampton Road (H to G) the subject of this application to cross Stoke Lodge, perhaps 2 or 3 times a month at weekends and during school holidays, to get to and between their homes, having used the bus to travel from Clifton to one of the stops on Druid Hill / Shirehampton Road. The pathways were visible on the grass as the footfall of other users, and other members of the public could often be seen following them.

My friends and I also used the Lodge for recreation and to watch any cricket or football games that were in progress at the time and used the pathways to reach the shops in Shirehampton Road to buy sweets or cigarettes. I used the same pathways to get back to the bus stops in Shirehampton Road to return home.

From 1969, when I went away to university, to 1975, when I left Bristol to pursue my career in London, I used the pathways less often, as I had acquired a car and most of the friends who had lived in the vicinity were moving away. During that period my use was mostly from Druid Stoke Avenue to the pathway between Parrys Lane and Cheyne Road (A to G), to reach Coombe Dingle and the Blaise Estate, and then return.

I would like to place on record the following information regarding the usage of Stoke Lodge Playing Fields.

I worked at Fairfield Grammar School (latterly known as Fairfield High School) from 1992 until 2010.

FGS used Stoke Lodge Playing Fields for Sports/PE for several decades prior to the current leaseholders, Cotham School.

During the entire period of my FGS employment I do not recall a single incident when our students were adversely affected in any way by carrying out Sporting activities in the then unsecured, open environment of Stoke Lodge Playing Fields.

David Watkins – Stoke Lodge Footpath Use 1958 to 2026

DJW1

In my capacity as a member of Stoke Bishop cricket club I have used [footpath C](#) many times. Between 1935 and 1972 the club's pavilion, located in the NW corner of the field adjacent to the Cheyne Road entrance was a basic structure that lacked running water and only had a chemical toilet. Players and spectators would from the mid 1960's walk along [footpath C](#) to reach the newly built pavilion at the end of West Dene to use the showers and a flushing WC. I used [footpath C](#) end to end to collect the cricket pavilion key and liaise with the groundsmen. The old pavilion was demolished in the mid 1970's. I would sometimes use [footpath A](#) to watch the archery practice which took place adjacent to the main house and Shirehampton Road. [Footpaths A, B, C, and D](#) would have all been walked by me at some point during this 15 year period.

DJW2

In the 1960's and early 1970's I was a member of Coombe Dingle Boys Club who met once a week in the Methodist chapel in Dingle Road. The club ran a football team, managed by Dave Powell, that played home games at Stoke Lodge. I helped run the team, recruiting players and liaising with the groundsmen (Bert and Jack at that time). The groundsmen's shed/office was at the west end of the West Dene pavilion. In the winter months I would regularly walk [footpath C](#) to check fixtures had been booked or if matches had been postponed due to inclement weather. Dave Powell who lived in [REDACTED] occasionally walked the same route, [footpath C](#).

On match days several of the team would arrive by foot from Sea Mills using [footpath D](#). This included Jack Frost (who was profoundly deaf) from [REDACTED] and Neil Ridgeway the goalkeeper. There would have been others as well from Sea Mills. Most team members arrived from West Dene via [footpath D](#).

DJW3

When I was eligible to vote in 1971 (local, national, EU) I would use footpaths A and D to reach Cedar Park school via Coombe Bridge Avenue and Cheyne Road to cast my vote. I made a speciality of arriving 5 minutes before 10:00pm using the traffic free scenic route, which afforded the opportunity of seeing a fox, badger or tawny owl. When voting moved to Stoke Lodge House I continued to use the same route.

DJW4

When the cricket club left Stoke Lodge in 1972 it moved to the NSC ground on the other side of Shirehampton Road, now occupied by the Queens Gate development. The NSC ran a skittles league in the clubhouse during winter months and the cricket club entered two teams. One of the teams (The Young Cricketers) was captained by me and I would use footpaths A and D to reach the clubhouse once a week as it was the quickest and quietest route from my house in Dingle Road. Skittles finished in 1995 when the Avonmouth works closed and the sports ground was sold for housing.

DJW5

I have always been a keen walker during and since leaving university in 1975. I must have walked every footpath within a 2 mile radius of my home in Dingle Road. This has included the Blaise Castle Estate, Kingsweston Estate, Sea Mills, Stoke Bishop, Westbury and Durdham Downs. Stoke Lodge is particularly important because of family connections and all the field's footpaths A, B, C and D have been traversed numerous times purely for leisure and exercise.

DJW6

I have since childhood in the winter months gone on a regular local walk on a Saturday afternoon. I would always finish the walk at my Grandmother's house for tea and a cake. In 1978 my Grandmother, Louie Goffe, moved from a prefab in [REDACTED] to a newly built Council bungalow in [REDACTED]. From 1978 the walks ended at [REDACTED] over time using all the footpaths across the Lodge, footpaths A, B, C and D. Louie moved to a care home in 1994 but I continue to retrace these walks on a regular basis to this day.

DJW7

In the mid 1980's my brother and I bought and sold cars under the trading name Auto Transfer. We rented showroom space from Pete Workman who leased Stoke Bishop Garage. The garage, which no longer exists, was in the village on the corner of Stoke Hill and Old Sneed Road. After buying cars at auction and dropping them off at the showroom I would walk home to Dingle Road across Stoke Lodge using footpaths B or A and D. This journey was also done in reverse multiple times a year.

Donald Watkins – Stoke Lodge Footpath Use 1930 to 2010 (David's Father)

<u>Name</u>	<u>Footpath(s)</u>	<u>Dates used</u>	<u>Times/yr</u>	<u>Purpose</u>	<u>Notes</u>
Don Watkins	D	1932 – 1936	10	Childhood walk	see below DAW1
Don Watkins	A, B, C, D	1936 – 1944	40	Socialise with friend	see below DAW2
Don Watkins	D	1937 – 1944	20	Walk to/from school	see below DAW3
Don Watkins	B, D	1947 – 1952	15	Play football	see below DAW4
Don Watkins	A, D	1958 – 2010	20	Vote in Election	see below DAW5

DAW1

There is a photograph of Don playing in Stoke Lodge in 1932. To reach the location from [REDACTED] [REDACTED] would have involved using [footpath D](#). This would have happened on multiple occasions while his Father was participating in a cricket match.

DAW2

Don's best friend Nobby Clark lived in [REDACTED] at the end of [REDACTED] before and during WW2. As teenagers they had free reign of the fields. They walked to the then new shops in Stoke Bishop village and Sea Mills Lane regularly to buy sweets and comics. This would have involved [traversing footpaths A, B, C and D](#).

DAW3

The 28 and 28b bus until the 1970's alternated every half an hour at the bottom of Parry's Lane between using Shirehampton Road (28) and Coombe Lane/Westbury Lane (28b) to rejoin at Park Gates. Both Don, who attended Cotham Grammer School and Howard his Father, who worked in an office in Baldwin Street would often catch the 28 and walk across Stoke Lodge using [footpath D](#) to save waiting an extra half an hour in town for the 28b which stopped at Rayleigh Road.

DAW4

After being demobbed from the army in 1947 Donald played football for Coombe Dingle Boys Club on Stoke Lodge continuing until he married in 1952. He lived in [REDACTED] and walked via West Dene to the changing rooms in the nissan huts at the top of Stoke Lodge via [footpaths B and D](#).

DAW5

Don sometimes walked with me to vote at Cedar Park and Stoke Lodge via [footpaths A and D](#).

Kathleen Watkins – Stoke Lodge Footpath Use 1965 to 2000 (David's Mother)

<u>Name</u>	<u>Footpath(s)</u>	<u>Dates used</u>	<u>Times/yr</u>	<u>Purpose</u>	<u>Notes</u>
Kath Watkins	A, D	1965 – 1980	20	Adult Education	see below KMW1
Kath Watkins	B or A, D	1975 – 2000	3	Car Repairs/MOT	see below KMW2

KMW1

Kathleen attended a number of Adult Education courses at Stoke Lodge during the 1960's and 1970's including Italian and flower arranging using [footpaths A and D](#).

KMW2

After learning to drive Kathleen had a number of car repairs and MOT's completed at Stoke Bishop garage and walked back from and to the garage using either [footpaths B or A and D](#).

CONTINUATION SHEET – Hilary Corfield

In relation to the. Cheyne Road to Stoke Lodge House path

Following on from my explanation as to my use of Route H to G, when Mum and I arrived at the Cheyne Road entrance with our cakes, we would walk directly across the field to point E whilst Bobby ran around off the lead. The reason we did this was because there was a sunny garden at the house with a bench to sit on to eat our cakes. Nearby there was (and still is thanks to renovation perhaps in the late 1990s), a tiny building in the wall of what is now the Stoke Lodge House overflow car park; we used to call it the ice house. My friends and I used this as a 'wendy house' because there was no door to stop us, boys used to use it as a 'den'. Mum and I would eat our cakes there if it was a cold day or had become drizzly. We would then walk to the West Dene entrance and carry on home.

Since 1965, as a family we have always used this route when walking our dogs, be it me and my parents with Bobby, or my husband and I with our dogs and children and now grandchildren as part of a dog walk, or when playing football to get from the bottom of the field where it's a bit flatter, to the house where now we often park in the car park.

I would like to place on record the following information regarding the usage of Stoke Lodge Playing Fields.

I worked at Fairfield Grammar School (latterly known as Fairfield High School) from 1992 until 2010.

FGS used Stoke Lodge Playing Fields for Sports/PE for several decades prior to the current leaseholders, Cotham School.

During the entire period of my FGS employment I do not recall a single incident when our students were adversely affected in any way by carrying out Sporting activities in the then unsecured, open environment of Stoke Lodge Playing Fields.

David Watkins – Stoke Lodge Footpath Use 1958 to 2026

DJW1

In my capacity as a member of Stoke Bishop cricket club I have used [footpath C](#) many times. Between 1935 and 1972 the club's pavilion, located in the NW corner of the field adjacent to the Cheyne Road entrance was a basic structure that lacked running water and only had a chemical toilet. Players and spectators would from the mid 1960's walk along [footpath C](#) to reach the newly built pavilion at the end of West Dene to use the showers and a flushing WC. I used [footpath C](#) end to end to collect the cricket pavilion key and liaise with the groundsmen. The old pavilion was demolished in the mid 1970's. I would sometimes use [footpath A](#) to watch the archery practice which took place adjacent to the main house and Shirehampton Road. [Footpaths A, B, C, and D](#) would have all been walked by me at some point during this 15 year period.

DJW2

In the 1960's and early 1970's I was a member of Coombe Dingle Boys Club who met once a week in the Methodist chapel in Dingle Road. The club ran a football team, managed by Dave Powell, that played home games at Stoke Lodge. I helped run the team, recruiting players and liaising with the groundsmen (Bert and Jack at that time). The groundsmen's shed/office was at the west end of the West Dene pavilion. In the winter months I would regularly walk [footpath C](#) to check fixtures had been booked or if matches had been postponed due to inclement weather. Dave Powell who lived in [REDACTED] occasionally walked the same route, [footpath C](#).

On match days several of the team would arrive by foot from Sea Mills using [footpath D](#). This included Jack Frost (who was profoundly deaf) from [REDACTED] and Neil Ridgeway the goalkeeper. There would have been others as well from Sea Mills. Most team members arrived from West Dene via [footpath D](#).

DJW3

When I was eligible to vote in 1971 (local, national, EU) I would use footpaths A and D to reach Cedar Park school via Coombe Bridge Avenue and Cheyne Road to cast my vote. I made a speciality of arriving 5 minutes before 10:00pm using the traffic free scenic route, which afforded the opportunity of seeing a fox, badger or tawny owl. When voting moved to Stoke Lodge House I continued to use the same route.

DJW4

When the cricket club left Stoke Lodge in 1972 it moved to the NSC ground on the other side of Shirehampton Road, now occupied by the Queens Gate development. The NSC ran a skittles league in the clubhouse during winter months and the cricket club entered two teams. One of the teams (The Young Cricketers) was captained by me and I would use footpaths A and D to reach the clubhouse once a week as it was the quickest and quietest route from my house in Dingle Road. Skittles finished in 1995 when the Avonmouth works closed and the sports ground was sold for housing.

DJW5

I have always been a keen walker during and since leaving university in 1975. I must have walked every footpath within a 2 mile radius of my home in Dingle Road. This has included the Blaise Castle Estate, Kingsweston Estate, Sea Mills, Stoke Bishop, Westbury and Durdham Downs. Stoke Lodge is particularly important because of family connections and all the field's footpaths A, B, C and D have been traversed numerous times purely for leisure and exercise.

DJW6

I have since childhood in the winter months gone on a regular local walk on a Saturday afternoon. I would always finish the walk at my Grandmother's house for tea and a cake. In 1978 my Grandmother, Louie Goffe, moved from a prefab in [REDACTED] to a newly built Council bungalow in [REDACTED]. From 1978 the walks ended at [REDACTED] over time using all the footpaths across the Lodge, footpaths A, B, C and D. Louie moved to a care home in 1994 but I continue to retrace these walks on a regular basis to this day.

DJW7

In the mid 1980's my brother and I bought and sold cars under the trading name Auto Transfer. We rented showroom space from Pete Workman who leased Stoke Bishop Garage. The garage, which no longer exists, was in the village on the corner of Stoke Hill and Old Sneed Road. After buying cars at auction and dropping them off at the showroom I would walk home to Dingle Road across Stoke Lodge using footpaths B or A and D. This journey was also done in reverse multiple times a year.

Donald Watkins – Stoke Lodge Footpath Use 1930 to 2010 (David's Father)

<u>Name</u>	<u>Footpath(s)</u>	<u>Dates used</u>	<u>Times/yr</u>	<u>Purpose</u>	<u>Notes</u>
Don Watkins	D	1932 – 1936	10	Childhood walk	see below DAW1
Don Watkins	A, B, C, D	1936 – 1944	40	Socialise with friend	see below DAW2
Don Watkins	D	1937 – 1944	20	Walk to/from school	see below DAW3
Don Watkins	B, D	1947 – 1952	15	Play football	see below DAW4
Don Watkins	A, D	1958 – 2010	20	Vote in Election	see below DAW5

DAW1

There is a photograph of Don playing in Stoke Lodge in 1932. To reach the location from [REDACTED] [REDACTED] would have involved using [footpath D](#). This would have happened on multiple occasions while his Father was participating in a cricket match.

DAW2

Don's best friend Nobby Clark lived in [REDACTED] at the end of [REDACTED] before and during WW2. As teenagers they had free reign of the fields. They walked to the then new shops in Stoke Bishop village and Sea Mills Lane regularly to buy sweets and comics. This would have involved [traversing footpaths A, B, C and D](#).

DAW3

The 28 and 28b bus until the 1970's alternated every half an hour at the bottom of Parry's Lane between using Shirehampton Road (28) and Coombe Lane/Westbury Lane (28b) to rejoin at Park Gates. Both Don, who attended Cotham Grammer School and Howard his Father, who worked in an office in Baldwin Street would often catch the 28 and walk across Stoke Lodge using [footpath D](#) to save waiting an extra half an hour in town for the 28b which stopped at Rayleigh Road.

DAW4

After being demobbed from the army in 1947 Donald played football for Coombe Dingle Boys Club on Stoke Lodge continuing until he married in 1952. He lived in [REDACTED] and walked via West Dene to the changing rooms in the nissan huts at the top of Stoke Lodge via [footpaths B and D](#).

DAW5

Don sometimes walked with me to vote at Cedar Park and Stoke Lodge via [footpaths A and D](#).

Kathleen Watkins – Stoke Lodge Footpath Use 1965 to 2000 (David's Mother)

<u>Name</u>	<u>Footpath(s)</u>	<u>Dates used</u>	<u>Times/yr</u>	<u>Purpose</u>	<u>Notes</u>
Kath Watkins	A, D	1965 – 1980	20	Adult Education	see below KMW1
Kath Watkins	B or A, D	1975 – 2000	3	Car Repairs/MOT	see below KMW2

KMW1

Kathleen attended a number of Adult Education courses at Stoke Lodge during the 1960's and 1970's including Italian and flower arranging using [footpaths A and D](#).

KMW2

After learning to drive Kathleen had a number of car repairs and MOT's completed at Stoke Bishop garage and walked back from and to the garage using either [footpaths B or A and D](#).

CONTINUATION SHEET – Hilary Corfield

In relation to the West Dene / Cheyne Road path.

As a child, I used this route often from 1965 to 1974 to get to (a) the shops on Shirehampton Road when taking our dog and (b) to my grandparent's house on Sylvan Way. I also used it regularly from 1974 to 1977 when finishing my paper round in Cheyne Road and going back home via West Dene.

From 1965 when we moved to be near her, Mum was my grandmother's carer and if we were combining walking our dog with seeing to granny because time was short, we would enter at West Dene, walk down the field exiting at Cheyne Road so Bobby the dog could have a free run as we walked. We would then walk down Cheyne Road, up Coombe Bridge Avenue and were shortly on Sylvan Way. Mum did this so many times, (with and without me) until Granny died and my grandfather came to live with us in 1977.

We also used this same route if, (again to save time), we were combining walking Bobby with going to the shops on Shirehampton Road. I would have to stay outside of the various shops with Bobby, but Mum would reward me by letting me choose a cake from the baker's window. We would then go back along Stoke Paddock Road and enter Stoke Lodge at the Cheyne Road entrance.

When I had my Sunday paper round from 1974 to 1977, I delivered in a loop from Bell Barn Road, with Cheyne Road being my last road. I would always cycle this route G to H to get home.

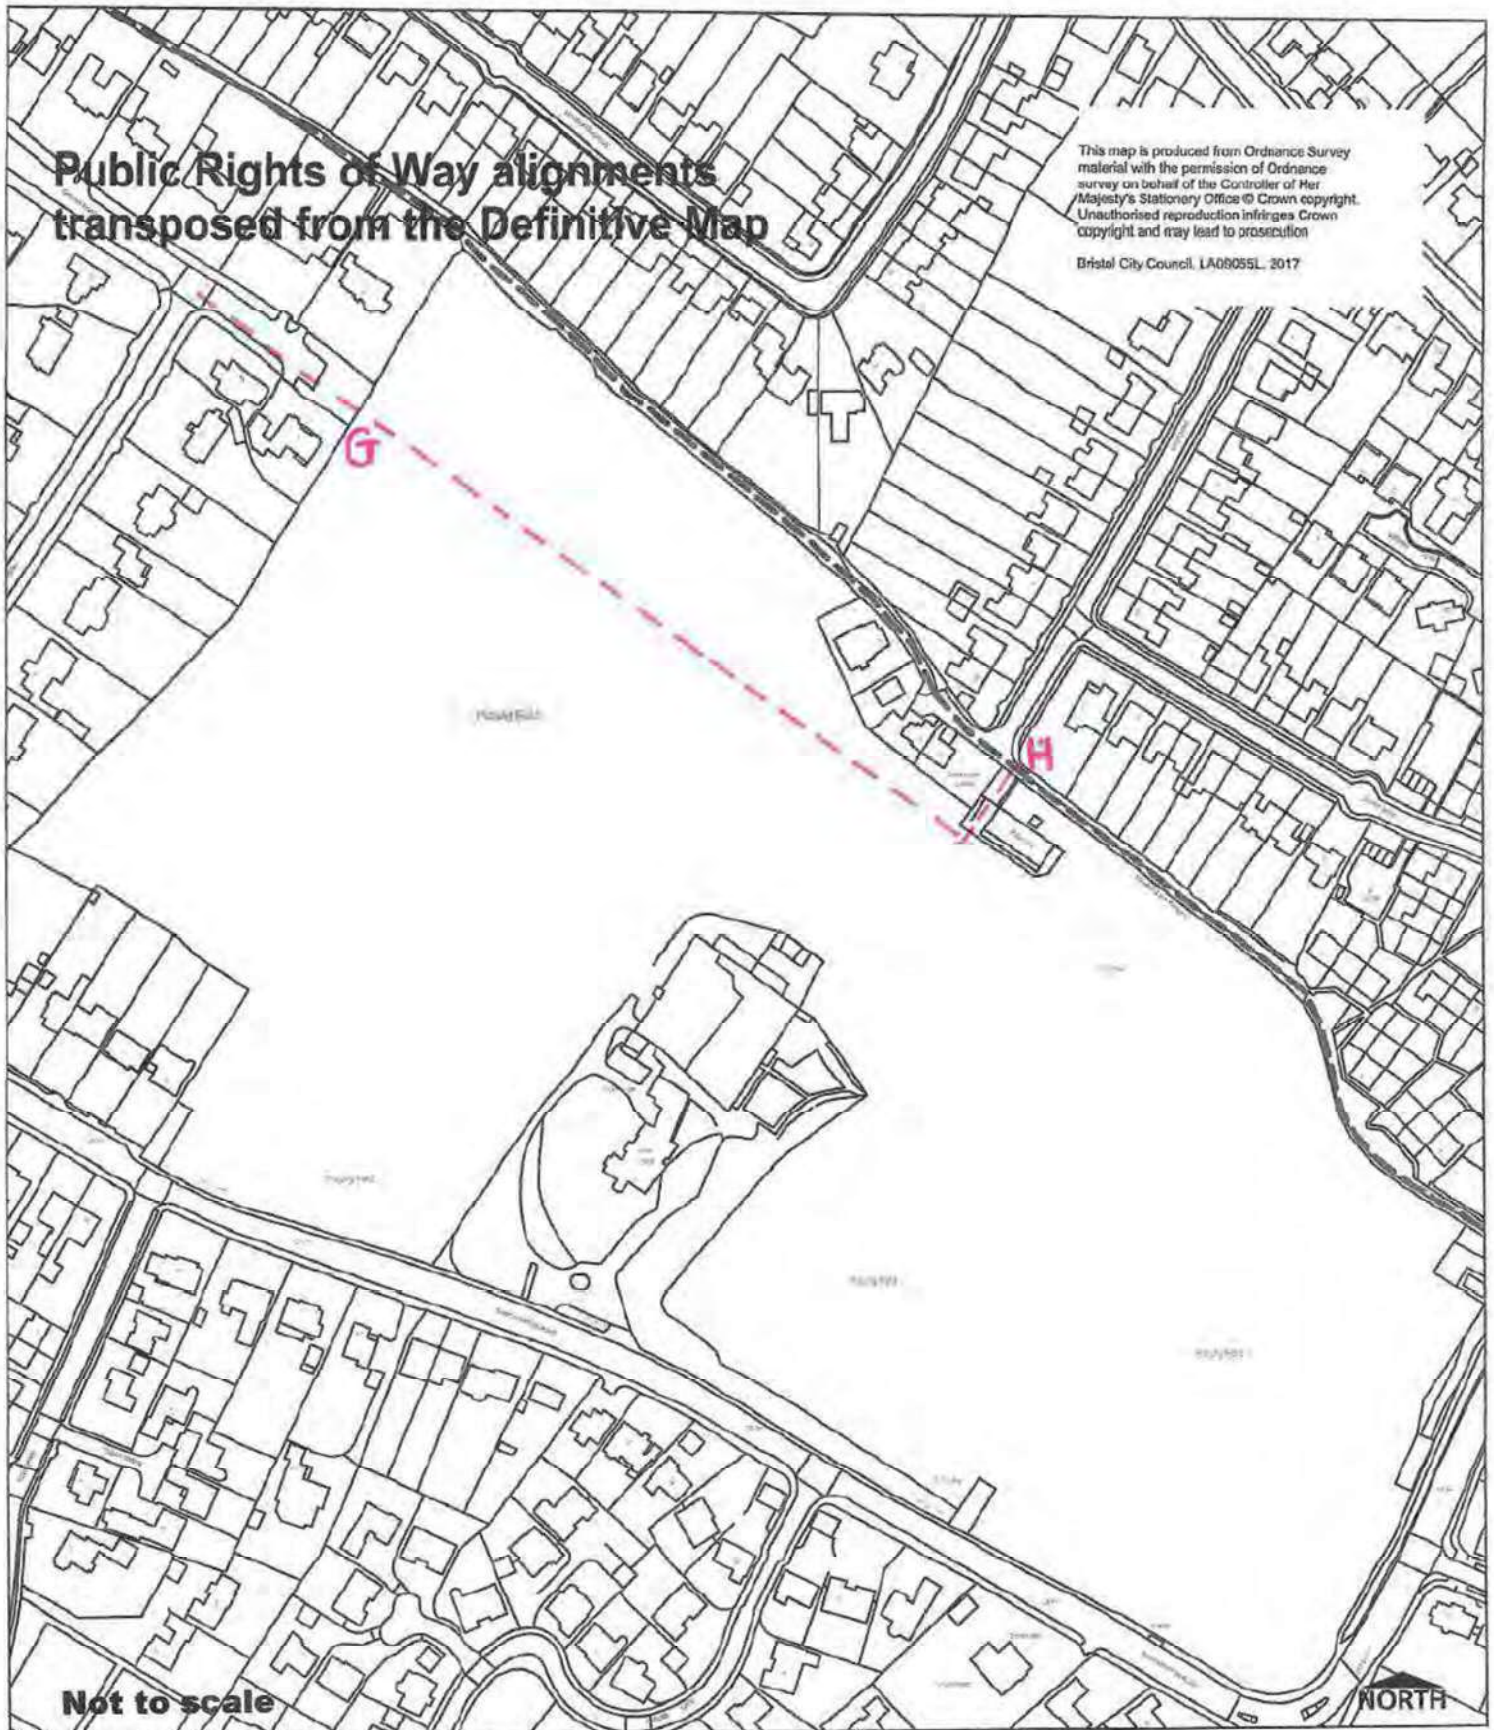

Over the last nine years whilst looking after Mum, I would often park on the corner of Stoke Paddock Road and Cheyne Road, walk to Mum's to give me some exercise, then walk with Mum to the West Dene entrance and then straight down across the field to Cheyne Road. This was a good walk in colder weather or if Mum was having problems with her back, as it was downhill but still gave her the joy of being out in the wide-open space. We would often see someone she knew and I would then drive her home.

My husband and I have walked this part of the field many, many times over the last forty years with our dogs, children and grandchildren, especially if we have been going to my parents' house, so that dogs and children can let off a bit of steam first. Mum and Dad would often then walk back with us, to where I had left the car in Stoke Paddock Road.

DJW1

In my capacity as a member of Stoke Bishop cricket club I have used [footpath C](#) many times. Between 1935 and 1972 the club's pavilion, located in the NW corner of the field adjacent to the Cheyne Road entrance was a basic structure that lacked running water and only had a chemical toilet. Players and spectators would from the mid 1960's walk along [footpath C](#) to reach the newly built pavilion at the end of West Dene to use the showers and a flushing WC. I used [footpath C](#) end to end to collect the cricket pavilion key and liaise with the groundsmen. The old pavilion was demolished in the mid 1970's. I would sometimes use [footpath A](#) to watch the archery practice which took place adjacent to the main house and Shirehampton Road. [Footpaths A, B, C, and D](#) would have all been walked by me at some point during this 15 year period.

DJW2

In the 1960's and early 1970's I was a member of Coombe Dingle Boys Club who met once a week in the Methodist chapel in Dingle Road. The club ran a football team, managed by Dave Powell, that played home games at Stoke Lodge. I helped run the team, recruiting players and liaising with the groundsmen (Bert and Jack at that time). The groundsmen's shed/office was at the west end of the West Dene pavilion. In the winter months I would regularly walk [footpath C](#) to check fixtures had been booked or if matches had been postponed due to inclement weather. Dave Powell who lived in [REDACTED] occasionally walked the same route, [footpath C](#).

On match days several of the team would arrive by foot from Sea Mills using [footpath D](#). This included Jack Frost (who was profoundly deaf) from [REDACTED] and Neil Ridgeway the goalkeeper. There would have been others as well from Sea Mills. Most team members arrived from West Dene via [footpath D](#).

DJW3

When I was eligible to vote in 1971 (local, national, EU) I would use footpaths A and D to reach Cedar Park school via Coombe Bridge Avenue and Cheyne Road to cast my vote. I made a speciality of arriving 5 minutes before 10:00pm using the traffic free scenic route, which afforded the opportunity of seeing a fox, badger or tawny owl. When voting moved to Stoke Lodge House I continued to use the same route.

DJW4

When the cricket club left Stoke Lodge in 1972 it moved to the NSC ground on the other side of Shirehampton Road, now occupied by the Queens Gate development. The NSC ran a skittles league in the clubhouse during winter months and the cricket club entered two teams. One of the teams (The Young Cricketers) was captained by me and I would use footpaths A and D to reach the clubhouse once a week as it was the quickest and quietest route from my house in Dingle Road. Skittles finished in 1995 when the Avonmouth works closed and the sports ground was sold for housing.

DJW5

I have always been a keen walker during and since leaving university in 1975. I must have walked every footpath within a 2 mile radius of my home in Dingle Road. This has included the Blaise Castle Estate, Kingsweston Estate, Sea Mills, Stoke Bishop, Westbury and Durdham Downs. Stoke Lodge is particularly important because of family connections and all the field's footpaths A, B, C and D have been traversed numerous times purely for leisure and exercise.

DJW6

I have since childhood in the winter months gone on a regular local walk on a Saturday afternoon. I would always finish the walk at my Grandmother's house for tea and a cake. In 1978 my Grandmother, Louie Goffe, moved from a prefab in [REDACTED] to a newly built Council bungalow in [REDACTED]. From 1978 the walks ended at [REDACTED] over time using all the footpaths across the Lodge, footpaths A, B, C and D. Louie moved to a care home in 1994 but I continue to retrace these walks on a regular basis to this day.

DJW7

In the mid 1980's my brother and I bought and sold cars under the trading name Auto Transfer. We rented showroom space from Pete Workman who leased Stoke Bishop Garage. The garage, which no longer exists, was in the village on the corner of Stoke Hill and Old Sneed Road. After buying cars at auction and dropping them off at the showroom I would walk home to Dingle Road across Stoke Lodge using footpaths B or A and D. This journey was also done in reverse multiple times a year.

Donald Watkins – Stoke Lodge Footpath Use 1930 to 2010 (David's Father)

<u>Name</u>	<u>Footpath(s)</u>	<u>Dates used</u>	<u>Times/yr</u>	<u>Purpose</u>	<u>Notes</u>
Don Watkins	D	1932 – 1936	10	Childhood walk	see below DAW1
Don Watkins	A, B, C, D	1936 – 1944	40	Socialise with friend	see below DAW2
Don Watkins	D	1937 – 1944	20	Walk to/from school	see below DAW3
Don Watkins	B, D	1947 – 1952	15	Play football	see below DAW4
Don Watkins	A, D	1958 – 2010	20	Vote in Election	see below DAW5

DAW1

There is a photograph of Don playing in Stoke Lodge in 1932. To reach the location from [REDACTED] would have involved using [footpath D](#). This would have happened on multiple occasions while his Father was participating in a cricket match.

DAW2

Don's best friend Nobby Clark lived in [REDACTED] at the end of [REDACTED] before and during WW2. As teenagers they had free reign of the fields. They walked to the then new shops in Stoke Bishop village and Sea Mills Lane regularly to buy sweets and comics. This would have involved [traversing footpaths A, B, C and D](#).

DAW3

The 28 and 28b bus until the 1970's alternated every half an hour at the bottom of Parry's Lane between using Shirehampton Road (28) and Coombe Lane/Westbury Lane (28b) to rejoin at Park Gates. Both Don, who attended Cotham Grammer School and Howard his Father, who worked in an office in Baldwin Street would often catch the 28 and walk across Stoke Lodge using [footpath D](#) to save waiting an extra half an hour in town for the 28b which stopped at Rayleigh Road.

DAW4

After being demobbed from the army in 1947 Donald played football for Coombe Dingle Boys Club on Stoke Lodge continuing until he married in 1952. He lived in [REDACTED] and walked via West Dene to the changing rooms in the nissan huts at the top of Stoke Lodge via [footpaths B and D](#).

DAW5

Don sometimes walked with me to vote at Cedar Park and Stoke Lodge via [footpaths A and D](#).

Kathleen Watkins – Stoke Lodge Footpath Use 1965 to 2000 (David's Mother)

<u>Name</u>	<u>Footpath(s)</u>	<u>Dates used</u>	<u>Times/yr</u>	<u>Purpose</u>	<u>Notes</u>
Kath Watkins	A, D	1965 – 1980	20	Adult Education	see below KMW1
Kath Watkins	B or A, D	1975 – 2000	3	Car Repairs/MOT	see below KMW2

KMW1

Kathleen attended a number of Adult Education courses at Stoke Lodge during the 1960's and 1970's including Italian and flower arranging using [footpaths A and D](#).

KMW2

After learning to drive Kathleen had a number of car repairs and MOT's completed at Stoke Bishop garage and walked back from and to the garage using either [footpaths B or A and D](#).
