Good morning[redacted],

I wrote to you earlier this month regarding the proposed extinguishment of PRoW 589 and have yet to receive a reply from you. I would like to proceed with this matter either to progress the Order or to refer the matter to the Public Rights of Way committee to seek approval to pass to the Secretary of State for consideration. If the matter is referred to the Secretary of State you will be contacted directly by them to make further representations with evidence as to why you consider the path has not been lost to the river as explained in the attached letter.

Yours sincerely
