Community Consultation:
Tree planting at Luckwell Park, Bedminster

One Tree Per Child have designed a draft tree planting plan for 3 trees for Luckwell Park.

We are now undertaking a community consultation, please see map overleaf. Posters will be up at the site and can also be viewed at **www.bristol.gov.uk/onetreeperchild**.

Suitable tree planting locations have been selected throughout the area with **"the right tree in the right place"** principle, carefully considering each tree planting location and appropriate tree type. Funding for tree planting is provided as part of a financial contribution made by developers to support local environment enhancements. Tree planting is planned for this planting season, by the end of the Spring.

The Benefits of new trees for Bristol residents

Environment	Trees help reduce pollution by cleaning our city air.
Economy	Property values tend to be higher in streets with trees.
Road safety	Tree-lined streets tend to slow traffic.
Wellbeing	Trees are good for our mental health.
Wildlife	Trees bring nature into the city.

If you would like to join us to plant a tree,
please see www.bristol.gov.uk/onetreeperchild

If you would like to comment on this draft planting plan,
