Summary of public comments:

Draft tree planting plan for Eastville Park

November 2026

A draft tree planting plan was displayed in multiple locations in Eastville Park and sent to local residents. In addition, it was added to the consultation page on the Bristol City Council website.

What happens next?

Tree planting will take place between December 2026 – March 2027

Comments received: We have given these comments consideration and provide responses below. Please note, we will only respond to comments that directly refer to the consultation.

Comment	Response
Support for planting	We received seven emails in support of tree planting at Eastville Park.
Due to the drought, can more resilient species be planted?	Our woodlands are planted with native species. We have amended the species mix over the last few years to try and mitigate drier summers.
How can vandalism be reduced?	Unfortunately, the trees will be vulnerable to vandalism, especially in the first few years after planting. Please do get in contact if you are aware of any vandalism taking place so that the team can respond accordingly.
Can Ash trees be included in the species mix?	We are currently unable to purchase/plant Ash trees due to ash dieback disease.

Visit the Bristol City Council Webpage for more information on One Tree Per Child community planting and woodland maintenance events.
