20 November 2026

Applicant name: BS1UK Ltd
Premises: Temple 13 Club, 12 Park Row, Bristol, BS1 5LJ
Application valid date: 18 November 2026
Application ref number: 26/06327/PRMINV
Ward: Central

Proposed variation to premises licence:

The applicant, BS1UK Ltd trading as Temple XIII, seeks a minor variation to the premises licence for Temple XIII, 12-16 Park Row, Bristol, BS1 5LJ.

The proposed minor variation seeks for the following two changes;

1. CCTV Conditions
Remove the existing CCTV conditions under Annex 2 Condition 8, beginning:
"Unless specifically exempted by the Licensing Committee, the following conditions concerning closed circuit television shall apply."
This removal includes paragraphs a, b, c, d and e.
Replace with the following:
"CCTV equipment must be installed and operational at the premises to the satisfaction of the Police and the City Council's Licensing Department."

The premises licence holder shall ensure that the Designated Premises Supervisor retains CCTV images for a period of 31 days. This retention period may be reviewed as appropriate by the Licensing Authority. The correct time and date shall be generated onto both the recording and the real time image.

The CCTV equipment shall be maintained in good working order and shall continually record during licensable hours and for a period of two hours afterwards.

If the CCTV equipment breaks down, the premises licence holder shall ensure that the Designated Premises Supervisor, or in their absence another responsible person, verbally informs the Police and the City Council's Licensing Section as soon as reasonably practicable. This information shall be recorded at the time in the incident report register and shall include the time, date, method of notification and the name of the person to whom the information was reported.

The fault shall be rectified without undue delay. The Police and the City Council's Licensing Section shall be informed when the fault has been rectified. The time and date of the notification and the names of the officers notified shall be recorded in the incident report register.

A member of staff who is technically able to copy CCTV images onto removable media shall be present during all licensable hours. A supply of suitable removable media shall be retained at the premises. CCTV images shall be supplied to a Police Officer or Licensing Officer upon request."

2. Late Entry Conditions

Remove the existing condition which states:
"For events terminating after 2 a.m. there is to be no entry or re entry to the premises after 2 a.m."

The existing condition restricting customer entry after 4 a.m. shall remain unchanged.

No extension to the existing licensed hours is sought.

3. Impact on The Four Licensing Objectives
The applicant considers that the proposed variations will not adversely affect the promotion of the four licensing objectives for the following reasons;

A. Prevention of Crime and Disorder
The premises will continue to operate its existing security arrangements, including SIA-licensed door supervisors, CCTV monitoring and appropriate customer admission checks.
Customers who are intoxicated or behaving in a disorderly manner will be refused entry.
The existing restriction on entry after 4 a.m. will remain unchanged.
The updated CCTV conditions will ensure effective recording, retention and availability of footage to assist the Police and Licensing Authority when required.

B. Public Safety
The proposed variations will not increase the permitted capacity of the premises or extend the existing licensed hours.
Existing fire safety procedures, emergency arrangements, occupancy controls and security measures will remain unchanged.

C. Prevention of Public Nuisance
The premises will continue to manage customer arrivals, departures and behaviour outside the venue to minimise noise and disturbance to nearby residents and businesses.
Existing noise management arrangements and restrictions relating to the outdoor patio area will remain unchanged.

D. Protection of Children from Harm
Existing age verification procedures and restrictions relating to persons under 18 will remain unchanged.
The proposed variations will not affect the premises' existing safeguarding arrangements.

4. Licensable Activities
No new or increased levels of licensable activities are proposed, either indoors or outdoors.
There will be:
- No extension to the existing licensed hours.
- No increase in permitted occupancy.
- No additional indoor or outdoor licensable activities.
- No changes to the permitted use of the outdoor patio area.
- No changes to the existing types of licensable activities.

5. Conclusion
The proposed variations are limited to removing the 2a.m. entry and re-entry restriction and updating the existing CCTV conditions.

All other conditions of the premises licence, including the existing 4a.m. entry restriction, will remain unchanged.
The applicant considers that these limited variations can be implemented without adversely affecting the promotion of the four licensing objectives.
