

Terms of Reference

Purpose: HomesWest has been established to deliver new affordable homes across the West of England in 2015-18 and beyond. Partners will work at the West of England level to support increased delivery, engage in regional debate, support housing and planning policy development and develop best practice. Partners will also work at a Unitary Authority level, to meet local affordable housing priorities. This Terms of Reference establishes the way of working for the HomesWest affordable housing partnership at both the West of England strategic level and at Unitary Authority local level.

Aims: HomesWest has been established to:

Increase the supply of good quality, sustainable, affordable homes in the West of England

Explore new and innovative routes to the delivery and funding of affordable homes

Maximise the benefits of delivering affordable housing to support wider corporate and organisational priorities

Engage in initiatives at both strategic and local levels to support housing-related policy development, and affordable housing delivery

Target the use of funding to meet priority housing needs

Share best practice and seek excellence in strategic partnership working

Membership: Membership of HomesWest is open to any Housing Association Registered Provider wishing to develop new affordable homes in the West of England region and who has successfully completed the joining process, where an RP will need to demonstrate their ability to meet key HomesWest partnership criteria. The submission will be assessed by the 4 WoE Unitary Authorities, who will make the final decision on membership.
