All the pictures are examples from other places, just to give a bit of an idea of how things might look

A new tree will be planted on the High Street in newly created planting bed reclaimed from redundant road space

New seats to replace the old, tired ones on the green. Similar style to what is shown here

The old dilapidated along the High Street to be replaced with new black and gold heritage bins similar to the one shown

High Streets Recovery and Renewal

Shirehampton

Station Road / Woodwell Road Junction new public realm

Note: The tree shown on previously designs was not able to be planted due to underground utilities. It has been replaced by a planting bed. The build out to the north has also been altered due to utilities.

All the pictures are examples from other places, just to give a bit of an idea of how things might look

New buildout with planting bed and seat created on former area of road hatch. Shows beds newly planted at Woodwell Rd junction

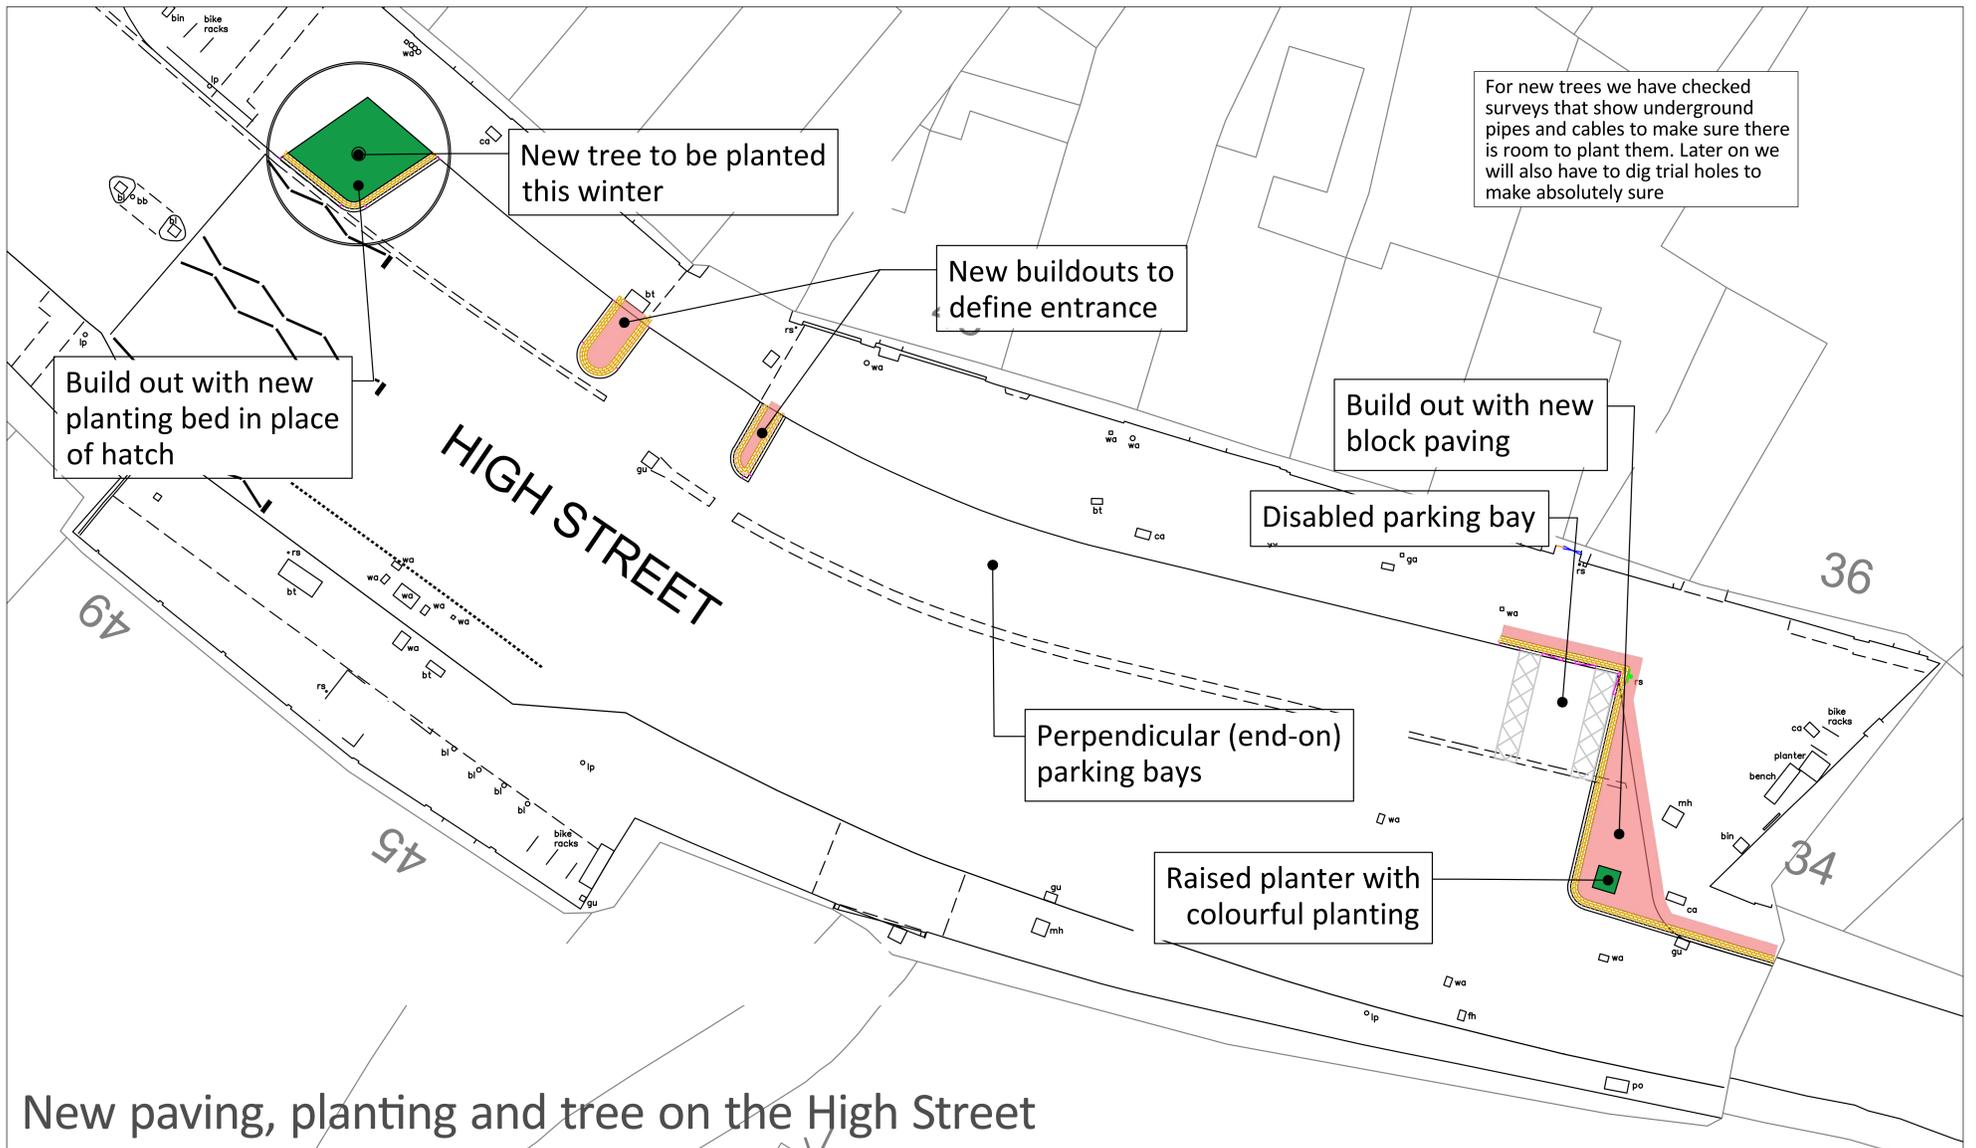

In time the planting will fill out the beds and provide colour and interest year round. Example from another scheme

New safer crossing with tactile paving and narrower road carriageway to cross

Shirehampton

New paving, planting and tree on the High Street
