

## **STATEMENT OF REASONS**

### **Proposed Waiting Restrictions at Tudor Road (Ashley Ward)**

The Council proposes to revise the arrangements for vehicle waiting at Tudor Road. The modifications are considered necessary to protect the vehicle access to the new development and enable vehicles to enter and emerge safely. The proposed modifications are the removal of the loading only and car club parking bays, the removal of the length of shared permit holder and pay & display parking places and replacement with prohibition of waiting and permit holders only parking places.

To introduce the changes at Tudor Road, it will be necessary to remake the Traffic Regulation Order for the St Pauls Area residents' parking scheme, which will provide an opportunity to update the provisions for parking by disabled badge holders at a number of locations, in place of lengths of permit holder parking, and to make other minor amendments that have been identified as necessary.

It appears to the Council that it is expedient to make the order:-

- for avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising
- for facilitating the passage on the road or any other road of any class of traffic (including pedestrians)
