D. Fair access protocol.....	8
E. Directions	9
F. General comments on in-year admissions.....	10
Section 3 - Other Matters	10
Section 4 – Feedback	10

Introduction

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.30 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. Paragraphs 6 and 3.30 of the Code require that each local authority publish its report locally. Local authorities do not have to include this introduction and guidance in their locally published report.
2. In 2020 and 2021, we asked far fewer questions than in previous years, asking only for the minimum information required by the Code. This was in response to the pressures on local authorities and others in the light of the Covid-19 pandemic. This year, we have again sought to keep the information requested to the minimum. We have, at the request of the Department for Education, asked a small number of additional questions relating to the impact of the new Code which came into force on 1 September 2021.
3. The new Code also changes the period to be covered by reports to the adjudicator and the deadline for submitting reports to the adjudicator. **This year's report must cover the 2021/2022 academic year and be submitted to the Office of the Schools Adjudicator by 31 October 2022.**

Guidance on completing the template

4. In a departure from previous practice, we have included all the guidance on completing specific parts of the template in this section. We hope that this will be helpful. This is in response to feedback that including guidance and definitions in the body of the template could make the report harder for readers to follow and less accessible. There is no requirement for local authorities to include the introduction and the guidance in their published reports, but they are free to do so if they wish.
5. We should be grateful if in completing questions which ask for information about primary and secondary schools and/or pupils, local authorities would follow the approach to classification of schools used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002².
6. Guidance on specific questions and/or meaning of specific terms in this report:
 - a. "in-year admissions": This means admission at the start of any school year to a year group which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven

¹ [Department for Education Statistical First Release](#)

² [The Education Middle School \(England\) Regulations 2002](#)

primary school) **and** admission during the course of any school year after the end of the statutory waiting list period (31 December) in normal years of admission.

b. Not applicable means at questions:

Section 1: B.i. - B.iv. that there were no children falling within the relevant definition.

Section 1: B.v. that there were no schools for which the local authority was the admission authority at 1 September 2021.

Section 1: B.vi. that there were no schools in the local authority's area for which the local authority was not the admission authority at 1 September 2021.

Section 2: B.i. - B.iv. that there were no children falling within the relevant definition.

Section 2: C.i. that there were no children falling within the definition.

Section 2: D.iv. that there were no hard to place children referred to the protocol.

7. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.
8. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

Information requested

Section 1 - Normal point of admission

A. Co-ordination

i. How well did co-ordination of the main admissions round work?	Not well	A large number of small problems or a major problem	Well with few small problems	Very well
Reception				Yes
Year 7				Yes
Other relevant years of entry				Yes

ii. Please give examples to illustrate your answer if you wish:

B. Looked after and previously looked after children

i. How does the admissions system in your local authority area serve the interests of looked after children at **normal points of admission**?

Not at all Not well Well Very well Not applicable

ii. How do the admissions systems in other local authority areas serve the interests of children looked after by your local authority at **normal points of admission**?

Not at all Not well Well Very well Not applicable

iii. How does your admissions system serve the interests of children who are looked after by other local authorities but educated in your area at **normal points of admission**?

Not at all Not well Well Very well Not applicable

iv. How does the admissions system in your local authority area serve the interests of previously looked after children at **normal points of admission**?

Not at all Not well Well Very well Not applicable

- v. Please confirm that your local authority has included children adopted from state care outside England in its definition of previously looked after children in admission arrangements for schools for which it is the admission authority

Yes No Not applicable

- vi. How confident are you that all other admission authorities in your area have included children adopted from state care outside England in their definitions of previously looked after children in admission arrangements for schools for which they are the admission authority?

Confident all have Confident some have Not aware of whether all or some have Not applicable

vii If you wish, please give examples of any good or poor practice or difficulties which exemplify your answers about the admission to schools of looked after and previously looked after children at **normal points of admission**:

The Admissions Team have always been very responsive to queries around Children in Care admissions and will talk to The Hope Virtual School about progress of applications at normal admission points.

We are confident most admission authorities have made the relevant updates following the publication of the new code.

C. Special educational needs and/or disabilities

Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at normal points of admission:

Over the past three years we have embarked on a project to increase the number of specialist places by 450 in Bristol. We are over half the way through this project. However, there continue to be some children and young people who wait too long for a specialist placement.

Section 2 - In-year admissions

A. Effect of Code changes on in-year admissions

Please provide any comments you wish to make on the effect of the changes to the Code's provisions for in-year admissions. It would be particularly helpful to have comments on whether you think the changes have made it easier or not for parents to secure places for children in-year?

For community schools and own admission authority schools who purchase our in-year admissions service, the change has had no impact as we previously worked to a service standard of processing applications within 10 school days.

For secondary school places, offering a school place within 15 school days is challenging due to lack of school places in current year groups. The Fair Access Protocol is used to secure a school place for children and young people without a school place. Fair Access meetings take place once a fortnight to ensure compliance with the School Admissions Code.

B. Looked after children and previously looked after children

- i. How does the **in-year admission** system serve children who are looked after by your local authority and who are being educated in your area?

Not at all Not well Well Very well Not applicable

- ii. How do the **in-year admission** systems in other local authority areas serve the interests of your looked after children?

Not at all Not well Well Very well Not applicable

- iii. How does your **in-year admission** system serve the interests of children who are looked after by other local authorities but educated in your area?

Not at all Not well Well Very well Not applicable

- iv. How does your **in-year admission** system serve the interests of previously looked after children?

Not at all Not well Well Very well Not applicable

v. If you wish, please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for looked after and previously looked after children:

Admissions that are held centrally by Bristol City Council School Admissions are always smooth and no concern. We have great difficulty with admissions in many of our academies trusts where they will not provide information on spaces/numbers in a timely way, and this leads to delays in applications being processed. As many schools are over PAN significantly, we get lots of push back on places.

C. Children with special educational needs and/or disabilities SEN Service to complete

i. How well served are children with special educational needs and/or disabilities who have an education, health and care plan that names a school when they need to be **admitted in-year**?

Not at all well Not well Well Very well Not applicable

ii. How well served are children with special educational needs and/or disabilities who do not have an education, health and care plan when they need to be **admitted in-year**?

Not at all well Not well Well Very well Do not know

iii. Please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for children with special educational needs and/or disabilities:

Due to pressure on in year places, in year admissions for children and young people with an EHCP has been difficult, some children and young people have had to wait until the end of an academic year. In the meantime, some have accessed support in Mainstream settings, and some have accessed ALP. This number is 30% less than the number in previous years.

iv. If you wish, please provide any comments about **in-year admissions** in respect of other children:

D. Fair access protocol

i. Do you have a fair access protocol agreed with the majority of state-funded mainstream schools in your area?

Yes for primary

Yes for secondary

ii. If you have not been able to tick both boxes above, please explain why:

iii. How many children were admitted to schools in your area under the fair access protocol between 1 August 2021 and 31 July 2022?

Type of school	Number of Primary aged children admitted	Number of Secondary aged children admitted
Community and voluntary controlled	2	
Foundation, voluntary aided and academies	8	248
Total	10	248

iv. How well do you consider hard to place children are served by the fair access protocol in your area?

Not at all well Not well Well Very well Not applicable

v. Please provide any comments you wish on the protocol not covered above. It would be particularly helpful to have any comments on the impact of the Code changes on the operation of the FAP in your area and the ability to secure places for vulnerable children:

We've used the code changes to inform practice and to review FAP procedures in the LA. These have been simplified in line with the admissions code. In addition to the FAP process we also have local agreed arrangements that sit alongside the FAP process to ensure suitable education provision is made available for all our children and young people in the city.

E. Directions How many directions did the local authority make between 1 August 2021 and 31 July 2022 to maintained schools for which the local authority is not the admission authority to admit children (including children looked after by the local authority but resident in another area)?

Total Number of children	Of which, looked after	Of which, not looked after
nil		

F. If you wish, please provide any other comments on the admission of children **in-year** not previously raised:

We welcome the proposal to coordinate in-year admissions and look forward to taking part in the consultation process.

When there is sudden demand on places e.g., refugee families arriving, this can put pressure on the FAP process. We have had to add additional meeting over and above what we ordinarily conduct to meet this demand.

Section 3 - Other matters

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

Section 4 – Feedback

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2023.

Thank you for completing this template.
