

9. Route 8 –School Road access to Sandy Park Road

- 9.1. The pedestrian footpath between the allotments has a firm gravel surface but is unlit and has little natural surveillance. However, it may be used by residents on the southern parts of the site.

Image 41

- 9.2. From the access, one options is to walk north up School Road and then east on Allison Road, following Route 7
- 9.3. There is an alternative route via The Rock, which avoids walking up School Road and back down Allison Road. From School Road the route follows The Rock, where the footway is some 1.8m wide.

Image 42

- 9.4. The footway ends although there is a footway some 1.1m wide set behind a low wall, although the road appears to be treated as shared space.

Image 43

- 9.5. The route then follows the road over a bridge over Brislington Brook before becoming a footpath before joining Sherwell Road. The footpath has bollards which restricts the width to 1.1m.

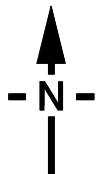

Image 44

- 9.6. The route can then join Allison Road, or an alternative quieter route is along Manworthy Road where the footway is 1.7m wide. The route is then along Wick Road to the zebra crossing shown in section 8.9.
