

Transitional relief for 2020-21

If applicable the transitional arrangements are applied automatically and are shown on the front of your bill. Transition is calculated as follows:

TRANSITIONAL FORMULA (PROVINCES) $BL \times X \times Q + \text{supplement}^{**}(\text{if applicable}) = \text{RATE DUE}^*$

100

BL = Annual Charge as at 31st March 2020, including Transition, based on 2019/20 Small Business non-domestic rating multiplier

HIGHER RATE BILL

(if Rate Due* is below actual 2020 charge then Rate Due = payable amount)

X = 115.0 if 2017 Rateable Value 20,000 or under
X = 125.0 if 2017 Rateable Value 20,001 to 100,000
X = 116.0 if 2017 Rateable Value over 100,000

LOWER RATE BILL

(if Rate Due* is above actual 2020 charge then Rate Due = payable amount)

X = 45.0 if 2017 Rateable Value 20,000 or under
X = 75.0 if 2017 Rateable Value 20,001 to 100,000
X = 94.20 if 2017 Rateable Value over 100,000

Q = 1.023 (**supplement = Rateable Value x 0.013p)

**Supplement is built in to the standard Non-Domestic Multiplier for those properties with a Rateable Value in excess of 50,999 for 2020/21 and has been set at 0.013p. This supplement is not subject to transition.
