How do I make my application?

The application is made to the licensing authority for the area in which the premises are situated, you can check which Local Authority your premises is situated in [here](#).

The following must be provided:

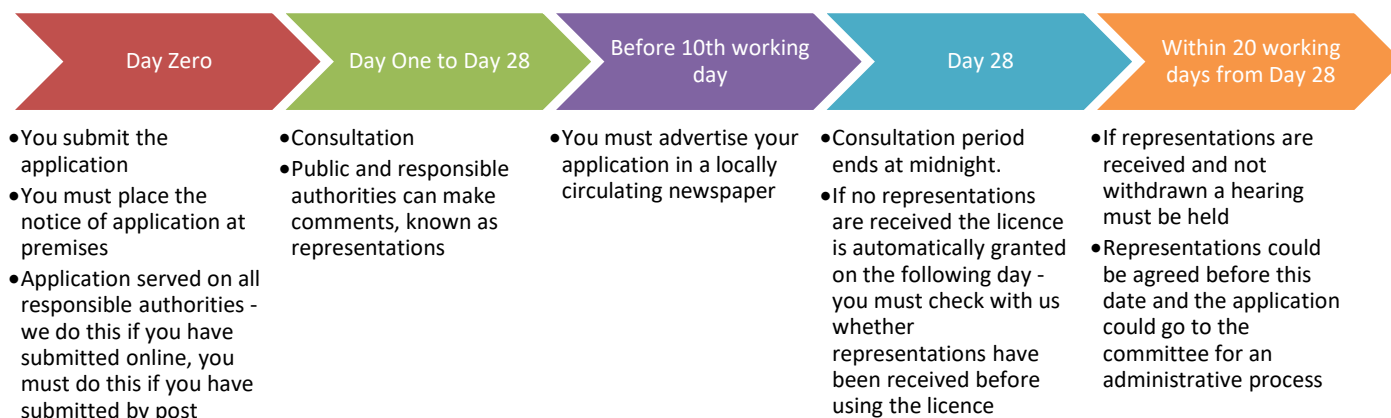

- The completed application form
- Application Fee (**see Annex A**).
- Consent form completed by the proposed Designated Premises Supervisor (only applicable if the premises licence application is to include the sale of alcohol)
- Plan of the premises which is clear and legible in all material respects.

You will also need to:

- Serve a copy of the application on the Responsible Authorities if you have submitted your application via post (See Annex B)
- Advertise the application via a site notice at the premises, and in a local newspaper. There are specific requirements for these, please see the section on advertising and site notices for more details.

If an application is not able to proceed because it is incorrectly advertised, or there are significant errors, then a fresh application including the fee will be required.

Timelines

Completing the application form

If you submit an application which is incomplete, or incorrect your application will not be valid. The consultation period will not begin until the issues are resolved.

Please use block capitals and black ink if completing the form by hand. If the form is not legible, your application will not be valid.

Part 1 – Premises details

Complete the section with the details of your premises. You can find the non-domestic rateable value of the premises on the [Valuation Office Agency's website](#). The rateable value of your premises determines the fee you will need to pay, you can find further information on fees in Annex A

Part 2 – Applicant details

Complete the section to indicate what type of applicant you are, if you are applying as an individual you will need to complete section A (individual applicants), any other applicant will need to complete section B (other applicants).

Part 3 - Operating Schedule

You can indicate the date you wish the premises licence to start. If you wish the licence to be valid for a limited time only enter a specified end date.

If more than 5,000 people are expected to attend the premises at any one time specify the number of people expected here.

Description of the Premises

Please describe the type of venue, its general situation and layout, and any other information relevant to the licensing objectives.

Your description could include the following:

- Whether the premises are detached, terraced etc and what they adjoin, e.g. “terraced adjoining cab office and florist shop”;
- Description of main use of premises, e.g. pub, restaurant, nightclub;
- Description of the style and nature of the venue for example, themed karaoke bar
- Brief descriptions of what other parts of the premises are used for.

So for example you might say, “Three storey detached building used primarily as public house. Top floor used for hotel accommodation, first floor has a function room hired out for private parties. Ground floor consists of bar area and kitchen. Bar area used for public to drink and dance. Piano and karaoke machine in bar area.”

Please check the notes at the end of the application form

Licensable Activities

You must state what licensable activities you intend to provide and whether these will be provided indoors, outdoors or both. For the sale of alcohol, you must say if it will be provided for consumption on the premises, off the premises or both.

You must enter any seasonal variations to the hours sought. These must be specific and clearly defined. For example you could state “one additional terminal hour for each Friday in December”.

You must state any non-standard timings to the hours sought. These must be specific and clearly defined, for example stating “longer hours on New Year’s Eve” would not be sufficient. However specifying “one additional terminal hour on New Year’s Eve” would be acceptable. This would need to be entered in the non-standard timings box for each activity different hours were sought and for opening hours. This would normally be used for additional hours for bank and public holidays or sporting/national events.

If the application includes the supply of alcohol you must appoint a designated premises supervisor (DPS). In the relevant section state the name, address, personal licence number and the issuing authority of the personal licence (if the licence has been issued) .

Part K – Adult Entertainment

Give information about anything intended to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children, regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups etc gambling machines etc.

Part L – Opening hours

These are the hours your premises can be open to the public. Many premises have the same opening hours as for licensable activities, however you need to consider what is appropriate for your premises. For example, you may wish to have “drinking up time” after the sale of alcohol has finished, or you may operate a delivery service from your premises where there is no access for the public at any time.

Part M - Steps you intend to take to promote the licensing objectives

The licensing objectives are:

- The prevention of crime and disorder.
- Public safety.
- The protection of children from harm.
- The prevention of public nuisance

This section is an essential part of your application. You are advised to consider the needs of your future business activities when considering the operation of your premises. Careful consideration should be given to comments entered in this section as we are required to use these comments as the basis for conditions to be placed on the licence.

In order to assist applicants we have produced a [pool of conditions](#) and [template operating schedules](#) that you may wish to use when completing this section.

You need to satisfy the responsible authorities and any other interested parties (e.g. local residents), that you can run the premises responsibly and in accordance with the licensing objectives. If they do not feel the steps you propose are adequate, they may object to the application being granted.

You should not include steps which would be covered under other legislation e.g. "I will not serve alcohol to people who are obviously drunk" or "I will make sure there are smoke detectors in the premises".

Immigration Act 2016

You are required to provide documentation to prove entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who: does not have the right to live and work in the UK; or is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a

condition preventing them from doing work relating to the carrying on of a licensable activity. They do this by providing with their application copies or scanned copies of documents which demonstrate their right to work within the UK. These documents do not need to be certified

Part 4 – Signatures

If the application is made by a limited company, partnership or unincorporated association, someone who has the capacity to bind the company or partnership should sign. Your agent (e.g. a solicitor) may sign providing he or she has actual authority to do so.

Where there is more than one applicant, they must all sign the form.

Plans

The information contained in the plan must be clear and legible in all material respects.

The plan shall show:

- a) The extent of the boundary of the building, if relevant, and any external and internal walls of the building and, if different, the perimeter of the premises;
- b) The location of points of access to and from the premises;
- c) If different from paragraph (b) above, the location of escape routes from the premises;
- d) In a case where the premises is used for more than one existing licensable activity, the area within the premises used for each activity;

- e) Fixed structures (including furniture) or similar objects temporarily in a fixed location (but not furniture) which may impact on the ability of individuals on the premises to use exits or escape routes without impediment;
- f) In a case where the premises includes a stage or raised area, the location and height of each stage or area relative to the floor;
- g) In a case where the premises includes any steps, stairs, elevators or lifts, the location of the steps, stairs, elevators or lifts;
- h) In a case where the premises includes any room or rooms containing public conveniences, the location of the room or rooms
- i) The location and type of any fire safety and other safety equipment; and
- j) The location of a kitchen, if any, on the premises

The plan may include a legend through which the matters mentioned or referred to in a) to j) above are sufficiently illustrated by the use of symbols on the plan.

What other organisations require copy of the application?

A copy of your application must be provided to all of the responsible authorities on the same day on which you make an application to the Licensing Authority.

If you apply using the online portal we will complete this step for you. If you apply by post it is your responsibility to ensure the application is served on all parties. We do not accept service via email.

A list of the responsible Authorities and their contact details can be found at Annex B at the end of this document.

Advertising your application

An application for the grant of a premises licence must be advertised on the site and in a locally circulating newspaper.

Site Notice

The notice must be displayed for a period of no less than 28 consecutive days, starting on the day after the day on which the application was given to Bristol City Council. Therefore, the notice must be placed at the premises on the day the application is submitted to ensure it is displayed for 28 full days.

The notice must be:

- A4 sized or larger
- On pale blue
- Printed legibly or typed in black in a font size of point 16 or larger

The notice must in all cases be displayed prominently at or on the premises to which the application relates and where it can be conveniently read from the exterior of the premises and in the case of a premises covering an area of more than fifty metres square, a further notice in the same form and subject to the same requirements every fifty metres along the external perimeter of the premises abutting any highway

Common issues with the display of notices that may result in the application having to be resubmitted include:

- placed too high or too low to be easily read.

- obscured by closed shutters
- placed on doors which are regularly opened or left open.
- removed by contractors or obscured by building works.
- printed on the incorrect colour paper.

The site notice must state the following:

- Name of the applicant for a premises licence
- The postal address of the premises. If there is no postal address a description of the premises sufficient to enable the location and extent to be identified
- The postal address and, where applicable, the worldwide web address where the register of the relevant licensing authority is kept and where and when the record of the application may be inspected
- Describe the proposed application. In order that the public can make a properly informed decision as to whether or not to make representations you must include the proposed days and times of licensable activities, opening hours if different and the type of licensable activities proposed at the premises. You must also include any non-standard timings and any seasonal variations. It is not sufficient to state “regulated entertainment”, each individual activity must be listed. If the times sought for different activities are the same you may list those activities together and list the times only once. For example:
*“Plays, Films, Indoor Sporting Events on Monday to Sunday from 10:00 to 23:30
Live Music on Monday to Sunday from 10:00 to 01:00
Alcohol on Monday to Sunday from 10:00 to 02:00
Opening Hours on Monday to Sunday from 10:00 to 02:30.”*
- The date by which an interested party or responsible authority may make representations to the Licensing Authority
- That representations shall be in writing
- That it is an offence to knowingly or recklessly make a false statement in connection with an application and the maximum fine for such an offence.

Common issues with the content of notices that may result in the application having to be resubmitted include:

- Description of the activities being insufficient or incorrect
- Incorrect representation end date
- Incorrect postal address for the licensing authority – Bristol has two addresses that are required to be displayed, one for post and one for where the register can be viewed.

A sample site notice format is attached as Annex C should you wish to use it. We would advise applicants to regularly take photographs of the site notices on display at the premises and make a note of when they have been displayed.

Newspaper notice

The applicant shall publish a notice in a locally circulating newspaper or, if there is none, in a local newsletter, circular or similar document circulating in the vicinity of the premises. We currently accept advertisements placed in the Bristol Post and the Western Daily Press. If you wish to use an alternative newspaper please contact the Licensing Team first to ensure this will be accepted.

The newspaper notice must be published on at least one occasion during the period of ten working days, starting on the day after the day on which the application was served on us.

The newspaper notice must contain the same information as the site notice. The newspaper notice does not need to appear in size 16 font.

What happens if relevant representations are made?

Representations may be submitted by a responsible authority or interested party. All representations must relate to the impact the grant of the licence would have on the promotion of the licensing objectives.

If representations are made, we will hold a hearing to consider the representations, unless we, the applicant and those making representations agree a full hearing is not necessary. This may be the case where all parties meet prior to a hearing and resolve the issues that resulted in representations being made. In such circumstances the representations may be modified and a request made to the committee that the licence be granted with amendments or conditions agreed between all parties. This is normally administrative with no need for parties to attend.

If no agreement is reached prior to the hearing then the Council's Licensing Sub Committee will determine your application. The Sub Committee will comprise of elected members who are drawn from the Licensing Committee.

You will be invited to attend the hearing to present your case and answer questions. You are also permitted to nominate other parties to appear at the hearing if they may assist the committee in relation to the application. The committee will listen to all parties before deciding whether to grant the application. They may grant it as requested, grant with conditions (providing they are relevant to the licensing objectives), grant part of the application and refuse part or refuse your application entirely.

Can I challenge a decision?

If, as the applicant, you are unhappy with a decision made by the Council, you may appeal to the Magistrates' Court for the petty sessions area in which the premises are situated, within 21 days of being notified of the Council's decision.

The application fee for the grant of a premises licence is determined by the rateable value of a premises. You can find out the non-domestic rateable value of your premises by entering the premises postcode into the Valuation Office's website at www.voa.gov.uk.
