

STATEMENT OF REASONS

Proposed waiting restrictions – Belland Drive and Parkwood Close, Whitchurch

In association with the approved planning application, 21/03296/F, for a development on Belland Drive; the Council proposes to install double yellow Lines to prevent obstructive parking at locations that would impede both vehicular and pedestrian traffic.

It is anticipated that the approved development will generate more vehicle trips than the current usage, so it is essential that on-street parking is managed to maintain the flow of traffic along Belland Drive and at its junction with Parkwood Close. The proposed double yellow lines will also prevent footway parking which will maintain access for pedestrians and provide better sight lines when crossing the road.

It appears to the Council that it is expedient to make the order -

- for avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, or
- for facilitating the passage on the road or any other road of any class of traffic (including pedestrians).
