Our ref **APS 226 06 03**

Dear Emilio

APS Ref pp 226 06 03 – Stoke Lodge Playing Field, West Dene, Bristol BS9 2BH

Authentication of Aerial Photograph Dates

We confirm that the following aerial photographs relied upon within APS Ref 226 06 03, Stoke Lodge Playing Field, Bristol, have been checked against their respective archive catalogue records and metadata and that the dates cited within the report are consistent with the archive records held by the originating bodies.

This letter is provided to confirm the provenance and date accuracy of the aerial photographic and satellite imagery evidence used in support of APS Ref 226 06 03 concerning Stoke Lodge Playing Field, Bristol, to the best of my knowledge.

The externally authenticated aerial photographs are as follows:

Historic aerial photographs

Date	UK date format	Reference
1946 12 04	04 DECEMBER 1946	RAF/CPE/UK/1869/RP/3027

Modern aerial photographs

Date	UK date format	Reference
1999 07 24	24 JULY 1999	Getmapping plc
2002 07 15	15 JULY 2002	Getmapping plc
2004-5	21 AUGUST 2004 – 27 MAY 2005	Bluesky International Ltd
2010 04 23	23 APRIL 2010	Bluesky International Ltd
2016 10 05	05 OCTOBER 2016	Bluesky International Ltd
2023 05 20	20 MAY 2023	Bluesky International Ltd

The dates above reflect the official capture dates as recorded within the relevant archive systems or supplied by the issuing authority. The photographs have been obtained directly from their respective archives, suppliers and collections and have been checked against the relevant archive metadata and catalogue records.

For dates 1999, 2002, 2004-5, 2010, 2016 and 2023, Air Photo Services holds the geo-referencing files which will be required if another expert wishes to examine them in a GIS against georeferenced OS mapping and DMMO data. We will be pleased to supply additional geo-location files these if needed. Please email chris.cox@airphotoservices.co.uk.

The following aerial and satellite images have been derived from the open-source geo-portal Google Earth Pro, which provides dates for the images capture at the portal.

Date	UK date format	Reference
1999	1999	Infoterra/Bluesky aerial imagery (Google Earth Pro)
2007 04 14	14 APRIL 2007	Infoterra/Bluesky aerial imagery (Google Earth Pro)
2010 04 23	23 APRIL 2010	Bluesky International Ltd
2014 09 09	09 SEPTEMBER 2014	Google imagery (Google Earth Pro)
2017 06 17	17 JUNE 2017	Google imagery (Google Earth Pro)
2018 04 19	19 APRIL 2018	Google imagery (Google Earth Pro)
2018 09 27	27 SEPTEMBER 2018	CNES Airbus satellite imagery (Google Earth Pro)
2020 02 25	25 FEBRUARY 2020	Maxar Technologies satellite Imagery (Google Earth Pro)
